

THE VOICE OF LINCOLN DOWN THE AGES—"I always feel inclined, when I happen to say anything to soldiers, to impress upon them the importance of success in this contest. It is not merely for today, but for all time to come, that we should perpetuate for our children's children that great and free government which we have enjoyed all our lives. . . . Still, let us not be over sanguine of a speedy, final triumph. Let us be quite sober. Let us diligently apply the means, never doubting that a just God, in His own good time, will give us the rightful result."

### Reds Driven Back Along Donets River Nazis Claim Today

### Germans Announce They Have Again Taken the Initiative

(By The Associated Press)  
Adolf Hitler's high command asserted today that German, Rumanian and Croatian troops had driven back the Russians on the Donets river front where the Red armies have been storming at the gates of Kharkov, Russia's "Pittsburgh" in the Ukraine, and other key cities.

The Nazi command said mixed axis forces, "continuing their attacks, threw the enemy further back in spite of stubborn resistance."

It was one of the first times in many weeks that the Germans claimed they had again taken the initiative, although Soviet dispatches this week have noted a gradual stiffening of Nazi resistance after two months of steady retreat.

On the North African front, British headquarters reported that Imperial artillery fire had scattered a strong tank supported axis force in the desert near El Mechili and that British mobile units "continued their aggressive activities" in the main battle zone 40 miles west of Tobruk.

In general, the situation remained unchanged.

Russia claimed further gains by

### Ontario's Premier Says U. S. Fleet's Afraid of Japan's

Toronto, Feb. 12.—(AP)—Premier Mitchell F. Hepburn of Ontario, noting he had been criticized at Ottawa for saying that the United States fleet "is in hiding," declared today that "the trouble is that we can't face the facts—the Japanese have much better navy than the United States."

"The Navy Secretary (Col. Frank Knox) said the navy was seeking contact with the enemy. If they haven't been able to find them, I'll tell where they are," Hepburn told a Toronto gathering. "They're right at Manila, surrounding a gallant force of American troops. They're at Singapore and at Shanghai, where the once proud U. S. Marines are now being humiliated by being forced to draw rickshaws through the streets."

"The fact is they're afraid to make contact because they haven't the supremacy they boasted of over the alleged tissue paper navy of Japan."

Says Japs Fear Only U. S.

Hepburn said that the United States was the only nation Japan feared, and that therefore he believed it possible Japan would invade Canada within three months in order to block a direct attack by the United States on Japan itself.

"They will come down the prairie side and not the Pacific," Hepburn declared without further elaboration.

"There are about a billion land hungry people in the east," he continued, "directed by a people with plenty between the ears, and they have their eye on Australia, New Zealand and Canada."

"Any disillusion as to the Japs' strength and fighting capacity have now been dissipated," he added.

Hepburn spoke at the annual convention of the Ontario agricultural Council.

Navy Minister Angus L. Macdonald said in the Canadian House of Commons yesterday that Hepburn's statement about the United States navy did not reflect the views of the government. He declared the United States ships were a shield for Canada and the United States and a powerful attacking force against their enemies.

Hepburn has built up a long record as a critic of the administration of Prime Minister Mackenzie King and as an "oppositional" voice in Canadian politics.

### Japanese Address Plea to Filipinos to Return to Work

### Ask "Dear Brethren" to Resume Work on Farms to Insure Foods

Washington, Feb. 12.—(AP)—A lull in the Philippine fighting was reported today by the war department which said the enemy evidently was reorganizing forces and awaiting reinforcements before resuming the offensive on the Bataan peninsula front.

The invaders meanwhile have occupied the island of Masbate, near the center of the Philippine archipelago, a communicable said, indicating the first recent extension of the Japanese occupation of the islands.

The Japanese are appealing to the Filipino farmers as "Dear Brethren," the communicable said, to return to their farms and resume work on sugar and other crops.

The communicable, No. 103, based on reports received here up to 8:30 a. m., CWT, said:

"There was very little ground or air fighting in Bataan during the past twenty-four hours. The enemy is evidently reorganizing his forces and awaiting additional supplies and reinforcements before resuming the offensive."

"The island of Masbate, near the center of the Philippine archipelago, has been occupied by Japanese troops."

Labor Shortage Reported

"Reports reaching General Douglas MacArthur's headquarters from the occupied areas of Luzon indicate that Filipino farmers who were evicted from their homes by Japanese invaders have crowded into Manila or have hidden in the mountains to escape harsh treatment at the hands of the Japanese soldiers. As a result there is a great scarcity of labor to tend the crops, and food supplies are becoming scarce."

"This condition has so alarmed the military authorities that Lieut. General Masaharu Homma, commanding the Japanese army in Luzon, has issued the following proclamation:

"Return promptly to your farms. Our dear brethren who are swarming in the seat of hostilities, return promptly to your farms and harvest your crops and sugar cane. Now you cannot get supplies or commodities from the overseas countries. You must get your food with your own hands."

"The Japanese forces never

### Laura Ingalls on Stand as Witness

Washington, Feb. 12.—(AP)—Laura Ingalls, aviatrix on trial for failure to register as a paid agent of the German government, told a federal district court jury today "it was wonderful what Hitler had done—for the German people."

Miss Ingalls reviewed her history as a flier, said she had studied acrobatic flying intensely because "that is the basis of all combat flying," and then was drawn by her counsel James F. Reilly, into the story of her alleged statements concerning the German government.

"I have always wanted to do something difficult," she declared. "I wanted to show, during the pending conflict in Europe, that American women can do something besides sit on the sidelines."

The woman flier, who described herself as being "over 35," appeared fully confident of herself on the witness stand. She said that "it is fashionable to be pro-British, and I am not fashionable."

Reilly told the jury previously that Miss Ingalls admitted receiving pay from the German embassy but that she did so in counter-espionage work which she hoped would aid the United States.

### Bad Boys in Advanced Stages to Get New Home

Springfield, Ill., Feb. 12.—(AP)—The new Sheridan branch of the Illinois State Training School for Boys, designed for youths who have proven incorrigible at the St. Charles training school, will have security buildings containing dormitories and individual rooms as well as cell blocks.

The Gunning Commission to study juvenile delinquency decided yesterday against erecting another cell block building similar to the one already completed at the Sheridan school and voted to construct an experimental unit containing workshops, dormitories and individual rooms to house 52 boys.

Prof. Harrison Dobbs of the University of Chicago headed the proponents of the dormitory-type building, declaring that some incorrigible youths could be better treated in such detention quarters than in cell blocks. The new building, he said, still would provide "maximum security" against escapes.

Senator Thomas P. Gunning (R-Princeton), commission chairman, said he would head a subcommittee that will go to Washington to seek priority ratings for materials needed in the proposed \$195,000 building.

### Suspected Alien Agent Picked Up—All a Ruse

Freeport, Ill., Feb. 12.—(AP)—Gerald Reen, 19, who had been visiting his grandfather in Iowa, stopped off in Freeport with his new rifle and old camera while on the way back home to Milwaukee.

The sheriff took him off an Illinois Central passenger train last night after a member of the train crew had reported the youth had photographed a Mississippi river bridge at Dubuque, Iowa.

Gerald spent the night as the guest of county officials, who found that his grandfather gave him the rifle and that the film in the camera, when developed, showed some rather amateurish pictures of scenes in no way connected with the war effort. He finished his trip home today.

### All Men Between 20 and 45 Years of Age Must Register Next Monday

Sometime between the hours of 7:00 a. m. and 9:00 p. m. next Monday all male residents of the United States, citizens and aliens, previously unregistered for service, who had attained their 20th birthday on or before Dec. 31st last, and who will have not attained their 45th birthday before Feb. 16, next Monday, must register for military service. For the convenience of these men in Dixon, Palmyra and Nachusa townships, Lee county selective service board No. 1 has announced the following places for registration:

Council room at city hall for those living south of Rock river, west of South Galena avenue and east of the Illinois Central railroad;

Gymnasium of Lincoln school for those living south of Rock river and west of North Galena avenue;

Auditorium at Dixon high school for those living north of Rock river and west of North Galena avenue;

Kindergarten room at North Central school for those living north of Rock river and east of North Galena avenue.

A special registration board is also provided at the Dixon State hospital for employees of the institution.

### Surrender Demand Ignored; British Attack Savagely

### Singapore Radio Says "We Shall Emerge From Struggle"

Tokyo (From Japanese Broadcasts) Friday, Feb. 13.—(AP)—British warships are aiding the defenders of Singapore in their "fierce resistance." Domei, Japanese news agency, said early today.

By ROGER D. GREENE  
Associated Press War Editor  
Bloody fighting raged nearer to the smoke-shrouded streets of Singapore today as British troops, scorning a demand for surrender, fell back after bitter counterattacks during the night while Japanese planes smashed at a fleet of 25 evacuation ships in Singapore harbor.

The Rome radio, whose reports have often been premature, broadcast a Tokyo claim that the Japanese flag was flying over Raffles square in the center of Singapore.

Simultaneously, a Tokyo broadcast said Japanese troops in the northwest outskirts of the city had launched an attack to drive out the British "remnants."

The Tokyo report implied that there had been a halt in the offensive while the British rejected a demand for capitulation and that the battle for the city had not yet been won.

Singapore Radio Defiant  
British defenders of Singapore launched four desperate counterattacks against Japan's siege armies and the Singapore radio told empire listeners—with music—that radio communications were still in British hands as late as 8:30 p. m. (8:30 a. m. Central War Time).

An hour after the Singapore radio proclaimed defiantly: "We are not only going to fight. We are going to win! We shall emerge from this struggle!"

The broadcast said the Japanese radio was attempting "to obscure the real position on the island of Singapore behind extravagant claims."

C. Yates McDaniel, of The Associated Press, the last foreign correspondent remaining in Singapore, said British infantry charged the Japanese and drove them back at several points.

McDaniel's dispatch, filed from a ship lying offshore, under repeated attack by Rising Sun dive bombers, said however that the battle lines were moving steadily closer to Singapore.

"We were dive bombed half a dozen times, but we are still afloat and may get away tonight," McDaniel said.

Many Evacuated  
Hundreds of women and children already had been removed from the doomed city.

Imperial Tokyo headquarters said Japanese troops had penetrated far into British positions in

### Hero's Hands and Feet Are Frozen

Gunnison, Colo., Feb. 12.—(AP)—Sixteen-year-old David Ebert froze his hands and feet in a struggle through deep mountain drifts and bitter cold to rescue a pneumonia-stricken rancher from a snow-bound mountain cabin.

Young Ebert entered the Gunnison hospital last night with the sick rancher, Bryon O'Fallon, 24 hours after starting on snowshoes with his father and two others on the mercy trip into the isolated 8,000-foot-high Taylor Park region of central Colorado.

"Fallon appeared to be 'over the worst' of his pneumonia, said a doctor, but Ebert's right hand and right foot are 'very badly frozen.' The doctor said it was too early to determine whether amputation of fingers or toes would be necessary.

David responded with his forest ranger father, A. J. Ebert, Forest Ranger William Poley, and C. D. McGonegal, telephone lineman, to an appeal from O'Fallon's wife.

Mrs. O'Fallon and a nephew had taken the sick rancher six miles on a sled from their ranch to the Taylor dam caretaker's cabin.

Tugging a toboggan on which they planned to bring back the sick rancher, the four started on Tuesday night from Crystal creek, as far as a car could go and eight miles from Taylor dam.

### New Leaders Must Replace Bunglers in Nation: Landon

### Former Governor of Kansas Keynotes G. O. P. Speeches

(By The Associated Press)  
President Roosevelt drove to the Lincoln Memorial beside the Potomac today to honor, on the anniversary of his birth, another president who was the leader of his people in a time of war.

In a chill wind, Roosevelt stood bareheaded under a bright February sun while a military aide, Colonel Horace B. Smith, marched up the long flight of steps to the gleaming white marble memorial and placed a wreath at the base of a statue of Abraham Lincoln.

It was a brief ceremony, with few persons in attendance, and these outnumbered by troops stationed almost elbow to elbow around the memorial plaza as a wartime precaution.

Three new fighting ships, two destroyers and a cruiser, were launched at Philadelphia and Camden, N. J., in brief exercises emphasizing the nation's war effort.

Many Republican Dinner  
Republicans, opening their congressional election campaign, held dozens of Lincoln Day dinners throughout the nation. As a forerunner to the gatherings, Alf M. Landon, 1936 Republican

### Fugitive Became Upright; Freed

Springfield, Ill., Feb. 12.—(AP)—A Chicago man who escaped from Joliet prison 22 years ago, only to have his past record bared by the routine fingerprinting of employees at the business establishment where he has been employed for 16 years held a commutation of sentence order from Governor Green today.

William Carlsen, the convicted man, has been living in Chicago since his escape in 1920 after he had served three years of a one to ten year sentence for larceny. Governor Green said the pardon board reported he had made "an excellent record and won a reputation as a good citizen" during his long period of employment.

Governor Green also commuted the sentences of James St. Lucia of Chicago, who has served 18 years of a life term for murder, and Glenn R. Lee, Jr., of Burlington, Ia., 16 years old, sentenced from Pike county to serve one to ten years at the state penal farm in Vandalia for larceny. Their sentences were commuted to expire at once.

Denied by the governor were 101 other pleas for executive clemency heard by the pardon board last July and October.

### The War Today!

By DEWITT MACKENZIE  
Wide World War Analyst  
(Telegraph Special Service)

The agony of Singapore, and the consequent peril to all the rest of the allied Oriental structure of defense which this now fallen giant bore upon its broad back, surely must be the final tragedy needed to drive home to us here in America, the necessity of united and urgent action to meet this life or death crisis of the World War.

Admiral William H. Standley, new United States ambassador to Russia, today in San Diego summed up the present status of the conflict in the blunt language of an old sea-dog:

"America can be licked. x x x We've been too damned successful in previous wars. x x x Now, too many of us are sitting with our hands complacently folded while we wait for 'George' to win the war. x x x The only thing that will win this fight is unity of purpose and effort."

Depending largely on the protection of Singapore, have been the rich Dutch East Indies, Australia, Burma which is the gateway to China's Burma Road, and even India proper itself. The Indies now are in the utmost danger, and already the Japanese pressure on Burma is serious.

In short, the menace of the Mikado's medieval minded hordes, which many have regarded as just an Oriental bugbear, has now become a reality. The barbarians are driving at the gates of the western world.

Congressional leaders in Washington today were urging the nation to renewed efforts to offset the Japanese successes. Warplanes, and still more warplanes, and other equipment are demanded.

And they are needed in a rush—

### Auxiliary Firemen of Dixon Civilian Defense Unit Meet

### Full Organization of Local Setup Planned for Coming Week

A meeting of auxiliary firemen of Dixon under the civilian defense setup was held at the city hall Wednesday evening at which Commissioner Cal Tyler explained the program and Fire Chief Sam Cramer explained proper procedure in case demolition or incendiary bombs are dropped, pointing out that incendiary bombs should never be fought with a full stream of water, which would only hasten their work of destruction. Instead, he said, fire bombs should be sprayed.

### Mayor Proclaims Americanism Week

Pursuant to a proclamation by Gov. Dwight H. Green to the citizens of Illinois designating the period between the dates of Abraham Lincoln's and George Washington's birthday—Feb. 12 to Feb. 22—Americanism Week—Mayor William V. Slothower today asked the citizens of Dixon, young and old, and all organizations to give due consideration to their privileges and duties as citizens and to renew their pledges of allegiance to the principles set forth in the Constitution of the United States of America; and not only to freshen and strengthen this spirit of patriotism, but to take this opportunity to enlist every effort and power at their command in the mighty effort of national defense.

The collapse occurred shortly before noon and at 1:30 p. m. the Rock Island rescue squad, firemen and police still were digging into mass of debris in an effort to extricate her.

Then other persons were known to have been injured, none seriously.

The trapped woman is believed to be Miss Olivia Lerch, manager of the cosmetics department of the drug store.

Obtained most of its tin from Malaya. WPB experts estimated that the new order would cut the use of tin by can manufacturers as much as 40 per cent, saving at least 15,500 tons a year.

Assurance that "the public need have no fear that there will be any shortage of the essential food products" came from Paul S. Willis, president of the Associated Grocery Manufacturers of America. He said that warehouse stocks of canned goods were so large that the public would not notice the effect of the order for some time.

The secondary food products, cans for which will be limited to last year's number, include apples, peaches, pineapples, prunes and other fruits and vegetables not regarded as of primary importance. Special products covered by the order take in medical, chemical, dental and industrial supplies.

### Draft Boards Urged to Defer Farm Workers for Production of Foods

Washington, Feb. 12.—(AP)—Fay W. Hunter, chief of the farm placement section, U. S. employment service, disclosed today that local draft boards would be urged to defer some farm workers needed for expanded food production.

He cited dairy hands and "some types of farm machine operators" as examples of the groups for which the bureau will seek deferment, after telling a house committee that there would be a definite shortage of seasonal agricultural labor.

Hunter, in response to questions, expressed doubt, however, that a women's "land army" would be necessary this year "except in certain areas, perhaps, for the harvesting of such crops as tomatoes and snap beans."

Hunter appeared before a special house committee investigating migration of defense workers. He expressed doubt that importation of alien labor, chiefly Mexican, would be necessary this year.

### Rock Island Woman Feared Trapped When Store Roof Falls In

Rock Island, Ill., Feb. 12.—(AP)—A woman was reported trapped today on the second floor of the building housing the Schlegel drug store, when the roof collapsed.

Workmen were removing the roof of the three story structure preparatory to making it into a one-story building, when, with a roar, the timbers let go and the mass crashed down through the second story and into the drug store and soda fountain.

The woman reported trapped was on the second floor where the kitchen and soda fountain was located.

The trapped woman is believed to be Miss Olivia Lerch, manager of the cosmetics department of the drug store.

The collapse occurred shortly before noon and at 1:30 p. m. the Rock Island rescue squad, firemen and police still were digging into mass of debris in an effort to extricate her.

## Church Notes

Sunday masses at St. Mary's Catholic church will be at 8 and 10 o'clock. Benediction following the 10 o'clock mass. Communion Sunday for young people of the parish. Confessions on Saturday as usual.

Next Sunday at the 10 o'clock mass the week's observance on American love and devotion will close with appropriate services and patriotic sermon. The public is cordially invited to attend this service.

On Friday night, Feb. 13th, the men's club of St. Mary's parish are sponsoring a dance. Old time and modern dancing will be furnished by Dimming's orchestra. Prior to the dance a group of patriotic songs and drills will be offered to the public, absolutely without charge to cooperate with Governor's Green order of Americanism Week.

The Young Ladies' Sodality are sponsoring a bake sale at Chaon's Royal Blue store on Saturday, Feb. 14. Proceeds from this sale will be donated to St. Mary's Parochial school.

The St. Mary's school will operate under the new time. School will begin at 9 and close at 4.

St. Mary's grade school basketball team travelled to Freeport on Sunday where they played St. Vincent's boys. Our lads were no match for the much superior orphanage team. However, a good time was had by all. In a few weeks we shall be hosts to St. Vincent's boys and girls teams. Maybe we can turn the tables.

## Proclamation

WHEREAS, the Honorable Dwight H. Green, governor of the state of Illinois, has set aside the period extending from Feb. 12th to Feb. 22nd, inclusive, as Americanism Week within the state, and

WHEREAS, it is for the good of each individual, as a part of the great state of Illinois, to participate in the commemorating of this period devoted to the interests of our great nation and its welfare,

THEREFORE, I, John H. Dinges, president of the board of trustees of the village of West Brooklyn, Illinois, do hereby proclaim the period from February, 12th to February 22nd, inclusive, as American Week within the confines of our village.

Further I call upon every school to conduct programs on February 11th so as to associate the great emancipator, Abraham Lincoln, and the Father of Our Country, George Washington, with the modern spirit of patriotism that must impress itself on the minds of our children and which is so important in this hour of trial. I further direct that the flag of the United States be displayed on public and private buildings throughout Americanism Week and that every person make a special effort to buy an extra defense stamp or bond, and contribute to the current Red Cross drive that is taking place at this time.

I also urge upon each of you to write a letter to every boy in the service of our country who is known to you.

Knowing my people as I do, I have the utmost confidence that every one will join in this patriotic response to our governor's call and to mine as well.

Witness my hand and the seal of the village of West Brooklyn, Ill. this 4th day of February A. D. 1942.

John H. Dinges,

President.

Attest: W. J. Long,

Village clerk.

## Red Cross War Relief

The following letter of appeal has been mailed to residents of this vicinity for aid in the Red Cross War Relief drive for funds. It is hoped all will respond as best they can:

Dear Friend:

In order that we will be able to meet the quota assigned to us by national headquarters, we are asking each and every person to contribute as best he can towards the fund of \$50,000,000 that must be raised in the nation for use of the Red Cross.

It's little enough for us to help in this way when we think of the sacrifice of those who fight our

battles in the front lines or on the water of the seven seas.

The boys will be able to judge our degree of appreciation for their services by the response to these calls. Therefore we hope that none of them will be justified in criticizing us when they return to their homes and our records during their absence is available to them.

Please send your contributions to the treasurer as promptly as possible.

Yours truly,

Mrs. Ruth Vickrey, president

## "West Point of West"

Is Training 591 Men

Urbana, Ill., Feb. 12—(AP)—The University of Illinois R. O. T. C., which General John J. Pershing once called "The West Point of the West," is now training 591 men for advanced work leading to commissions as second lieutenants in the officers reserve. Col. Leonard C. Sparks, commandant, announced that second semester enrollment totals 3,710, including those taking the two-year required course in military training.

Estimates are that some 4,000 men from the Illinois R. O. T. C. are now army officers on active duty.

## RAILROAD FUEL

In 1940, the railroads of the United States used an average of 112 pounds of fuel to move 1000 tons of freight and equipment one mile. This was a new record low.

About 60 percent of the world's known coal fields are located within the U. S.

## Worry of FALSE TEETH

Slipping or Irritating

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, sticky taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store.

## Omer T. Canfield

The Reverend Omer T. Canfield of 501 South Seventh street, St. Charles, suddenly passed away Sunday evening while speaking in the First Methodist church of Geneva. Mr. Canfield had formerly served the church as its beloved pastor and had returned as the guest speaker of the evening. He was concluding his message when he collapsed and passed away before medical aid could be summoned.

The Reverend Mr. Canfield was born at Wilmington, Indiana. Very early in his youth, he moved with his parents to Decatur, Ill. Here he received his early schooling. Choosing the ministry as his life work, he attended Northwestern university and Garrett Theological Seminary at Evanston, where he received the Bachelor of Arts and Bachelor of Divinity degrees. He entered the ministry of Rock River Conference of the Methodist Episcopal church in 1905, and his entire ministry was spent in this conference. He assumed the retired relationship in the conference three years ago after serving the charge of Geneva as pastor.

On entering the conference in full relationship, Mr. and Mrs. Canfield were assigned to Walnut, where they spent a very happy and fruitful ministry. Other churches which they served included: Batavia, Paw Paw, St. Charles, Dundee, Lombard, Crystal Lake, and Lake Geneva.

Mr. Canfield was one of those rare men who possessed a radiant personality which won for him a host of friends wherever he went. The fact that he was called to the pastorate of each church of the Tri-Cities is a worthy index of his popularity and efficiency as a minister of the gospel. He was a member of the Unity Lodge No. 48 A. F. & A. M. of St. Charles, and of the Oriental Consistory Ancient Accepted Scottish Rite 32nd degree in Chicago.

Mr. Canfield was preceded in death by his only daughter, Geraldine, who passed away during his ministry at Geneva. He leaves to mourn: his wife, Ann Sallembach Canfield; two sisters, Mrs. H. J. McDonald, and Mrs. W. A. Young, both of Decatur; one brother, Louis E. Canfield of Aberdeen, Washington; two nieces, Miss Marjorie McDonald, a teacher in the public school of

The services were held in the First Methodist church at St. Charles on Wednesday afternoon, February 4, 1942 at 2:30 p. m. Friends were permitted to call at the Bert Norris chapel from 2 p. m. until 4 p. m. and from 7 p. m. until 9 p. m. Tuesday, February 3, 1942. The body laid in state in the chapel of the church from 12 noon until 2 p. m. Wednesday. The interment was made in the Union cemetery of St. Charles.

The Reverend Omer T. Canfield served the Paw Paw church from October 1910 until September 1918 with a reverent and fruitful ministry. He was loved and respected by everyone regardless of denomination. His friends here, those for whom he tied the marriage knot; those for whom he brought comfort in sorrow, yes, those with whom he worked in the fields during the last World War, as well as those who sat in his congregation from Sunday to Sunday. They all feel the distinct loss of a dear friend, a man of God, whom they can no longer call or see at anniversary celebrations.

Emergency landing fields for airplanes soon may be seen throughout the United States wherever there is an important highway. Plans are still indefinite, but provisions recently were made to authorize construction of emergency landing strips along federal highways.

Six patrol type non-rigid airships are under construction, and Congress has appropriated money for the construction of 21 more. These ships will have a cruising range of about 2000 nautical miles. They will be armed with depth bombs and machine guns.

## A Thought for Today

Shew me thy ways, O Lord; teach me thy paths.—Psalms 25:4.

God whose gifts in gracious flood unto all who seek are sent, only ask you to be good and is content.—Victor Hugo.

## Lincoln's Voice Down the Ages

President Lincoln, affectionately dubbed "Father Abraham" by the rank and file of his soldiers, always spoke to them in a spirit of comradeship when he visited their camps. His speeches and writings of eighty years ago seem like messages to the indomitable men of our army and the people of America today.

On a sultry August day, 1864, addressing the 166th Ohio Regiment, he declared: "I always feel inclined, when I happen to say anything to soldiers, to impress upon them the importance of success in this contest. It is not merely for today but for all time to come that we should perpetuate for our children's children that great and free government which we have enjoyed all our lives. . . . Still, let us not be over sanguine of a speedy, final triumph. Let us be quite sober. Let us diligently apply the means, never doubting that a just God, in His own good time, will give us the rightful result."

He denied no citizen the right to express an op-

posing opinion, but he called upon all factions to stand up for the country's defenders. Answering serenaders from the White House portico November 10, 1864, he said: "May I ask those who have not differed with me, to join with me in this same spirit towards those who have? And now let me close by asking three hearty cheers for our brave soldiers and seamen, and their gallant and skillful commanders."

Lincoln did not possess the polish of formal society, but no President has paid a more graceful compliment to the work of women in war time. In an address March 18, 1864, he praised their efforts: "I am not accustomed to the language of eulogy. I have never studied the art of paying compliments to women. But I must say that if all that has been said by orators and poets since the creation of the world in praise of women were applied to the women of America, it would not do them justice for their conduct during this war. I will close by saying, God bless the women of America!"

How Lincoln would deal with agitators is hinted in the following quotation from Carl Sandburg's biography, THE WAR YEARS:

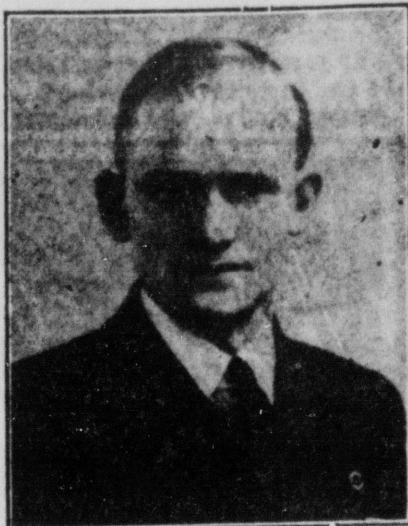

"Pointing to the death penalty as a requisite of military organization, he (President Lincoln) inquired: 'Must I shoot a simple-minded soldier who deserts, while I must not touch a hair of a wily agitator who induces him to desert? This is none the less injurious when affected by getting a father, or brother friend into a public meeting, and there working upon his feelings till he is persuaded to write the soldier boy that he is fighting in a bad cause, for a wicked administration of a contemptible government, too weak to arrest and punish him if he shall desert. I think that, in such a case, to silence the agitator and save the boy is not only constitutional, but withal a great mercy.'"

"One Hundred Gallons of Bootleg Dumped Into River"—headline. Poor fish!

Lots of girls are very particular about whom they'll marry until somebody asks them.

The way all the girls are helping in the war effort, maybe we ought to call 'em defense blonds.

## Ex-Communist

REV. JANIS LAUPMANIS

The First Methodist Church of this city invites all of the people of Dixon and the surrounding territory, who are not planning to attend church elsewhere, to be special guests at the 10:45 service next Sunday morning for the purpose of hearing the Rev. Janis Laupmanis, a former Communist Youth Leader in Russia, who later was converted to Christianity and became a Methodist minister and missionary.

During his address Sunday morning, this remarkable young man will give his life story, a few of the highlights of which, as told in his own words, is as follows:

"I am a citizen of Latvia. For several years I was a member of the Communist party. My mother became a Christian because of American Methodist work in that country. My mother's influence led me to Christ.

"Two times I have been stabbed with a knife by those who would take my life. I was imprisoned in Russia because of my Christian convictions. As far as I know, my people are suffering in Siberia. My father died there when I was six years old."

Rev. Mr. Laupmanis spent four years in Great Britain lecturing and studying. During this time he often spoke in leading churches of the country to audiences numbering as high as 2500. During the worst days of the German air raids on England, he served as an air raid warden in Birmingham. He is a brilliant young man that certainly can tell you about the Europe of today.

## CIO Workers Stop Work on Tools for Vital Plane Plant

Detroit, Feb. 12.—(AP)—Work was resumed this morning in several divisions of the giant Rouge River plant of the Ford Motor Company, which were shut down last night, throwing an estimated 10,000 men out of work.

The shutdown followed a protest by tool and die workers against the presence in their department of an employee who allegedly had struck a fellow worker, UAW-CIO union spokesmen said.

Work was resumed this morning after last night's shutdown, but soon after the power was again shut off. At 9 a. m., the power was turned on and work started, union officials said.

Company officials did not comment.

The halt in work this morning was the fifth in four days.

The tool and die plant had shut down last night. Shutdowns were reported at the pressed steel department and the tool department of the rolling mill—either complete or partial—and an estimated 5,000 to 10,000 men became idle.

### Union Head Appeals

In an appeal from Washington through union headquarters here, R. J. Thomas, president of the United Automobile Workers (CIO) urged workers as "true Americans" to resume the job for "the very existence of our nation."

Machine tools for the great Willow Run airplane bomber plant were being produced at the tool and die department, and Thomas said national security depended on the "speedy completion" of that task. He promised that any grievances would be taken up through established machinery.

Army quarters here sent a full report to Washington. Meanwhile, a spokesman commented: "With men dying because of our lack of aircraft, it is an outrage that tools being prepared for the bomber plant should be crippled in this manner by such a trivial thing."

Major George Strong, chief of the Army Air Corps procurement division here, termed the situation "critical."

# NEWS BEHIND THE NEWS

By PAUL MALLON  
(Distributed by King Features Syndicate, Inc., Reproduction in Whole or in Part Strictly Prohibited.)

Washington, Feb. 11—There is nothing phony about the rubber shortage (except the black dealing in second hand tires.) Frankly we have about 600,000 tons of rubber available. Used normally it would last a year. Counting tire stocks it might last two years. But the army and navy alone would use it in that time. A plane cannot get off the ground without a rubber-tire.

By the first of the year we will be producing at the rate of 150,000 tons of synthetic rubber a year. In six months more we will be getting 300,000 to 400,000 tons a year. Thus our crisis is likely to last until mid-1943. (Commerce Secretary Jones has put out conflicting figures, but the above represent a more accurate consensus.)

Within 60 days, therefore, you are likely to see extreme changes in the most vital element of civilian life. It is possible long distances busses may be stopped eventually and delivery trucks withdrawn, to haul defense workers and from work. No civilian will be immune from the early effects. In this phase, first and forcefully, is war likely to impose itself upon the average man. Here the first belt-tightening will be required.

Hitler's situation on rubber must be desperate. It has been learned here he recently took risks out of all proportion to get a meager 150,000 tons of crude rubber. Without some crude, his synthetic material wears rapidly. He has not received a single known ounce of rubber since the war began, except such as he was able to seize in conquered countries, and he found not even second hand tires in Russia.

Incidentally also, do not expect too much from Brazil. That nation's leaders want to develop some plantations and may get some money to try it, but accepted estimates suggest no imposing amount could be furnished. Greater store is placed in the domestic tree planting now being authorized by congress for the agriculture department. Some think we will be producing more than we need from this source after 1945.

Certain cities have been seeking quietly to get out of their own civilian defense mess by employing retired army officers (former corps and army commanders) with a sense of military organization and discipline.

They have seen political hangers-on and third assistant street lighters appointed to positions where experienced leadership is required. This seems to be a local counterpart of the choice of friends of Washington officials to the national headquarters.

But to all such suggestions, the war department has shaken its head negatively. No reason has been offered, but it is a fairly well recognized inside fact that the White House killed the house effort to transfer all OGD to the army. No doubt the boss at the top also caused the war department to steer clear of even indirect involvement.

There is an ancient liberal principle that the military should be divorced from the civilian to keep the army out of politics, and thus to avoid the danger of revolutions which have corrupted some other democracies.

So it appears to have been definitely determined that OGD must muddle along politically and socially rather than with military precision.

One of the original new deal brain trusts, James Landis has taken hold of OGD with a strong hand. Mayor LaGuardia exhibited. LaGuardia delegated much authority. Landis is exercising it personally to such an extent that congressmen are hearing inner screams.

Now the government departments are only now getting around to employee defense.

Steaming congressional criticism (dramatized in the employment of the movie actor and dancer) is now warning OGD to more strenuous action. Cities may soon resume blackout tests and hold them once a week, although much depends on getting siren equipment.

Main point of the disaster to the Normandie was lost in most accounts. It was to be our best troop transport. The authorities have successfully proved there was no sabotage, but in doing so they confessed negligence comparable to that of Pearl Harbor.

## Church Societies

**Sunshine Class**—The Sunshine class of St. Paul's Lutheran Sunday school is to meet at 7:30 this evening at the church. Mrs. Brangan, Mrs. Amelia Dykeman, Mrs. William Hargrave and Mrs. Charles Spielman are to be co-hostesses.

**United Workers**—Mr. and Mrs. Charles Brainerd, 322 Depot avenue, have invited United Workers of the First Baptist Sunday school to their home for a Valentine party at 7 o'clock Friday evening.

# Hog Market Boom Laid to Farmers Sagacious Moves

Growers Able to Outmaneuver Efforts to Curb Prices

Chicago, Feb. 12.—(AP) — A booming hog market, which has carried prices to the highest February levels in 16 years, was attributed in livestock circles to the ability of farmers to outmaneuver efforts to curb the advance.

With a record number of swine on farms, producers were believed to be withholding shipments to market. This has created an artificial scarcity, livestock circles said, and has forced buyers to push their bids higher.

Earlier this week two leading packing companies, according to trade reports, stopped slaughtering hogs. Operations were resumed, however, when this had no marked influence upon prices.

Government efforts to restrain the advance have been confined so far by placing ceilings on prices it would pay for dressed pork and lard bought primarily for lend-lease purposes.

Packers who sell to the Surplus Marketing Administration, government purchasing agency, received notice last week that the agency would make no future pork and lard purchases at quotations above those prevailing the last week of January. The agency added "other measures" would be adopted unless prices remained below these levels.

**Statistics Given**  
Best hogs yesterday brought \$12.90 a hundred pounds, peak of the current advance. The average swine sold at about \$12.70. This compared with a top of \$10.20 and an average of \$9.92 immediately prior to America's entry into the war.

Livestock circles, in reasoning that farmers were withholding hogs, offered these statistics:

According to the department of agriculture, the 1941 fall pig crop was the largest on record—more than 35,000,000 head as compared with 30,000,000 head in 1940. Pigs born last autumn are coming to market now.

Hogs offered for sale in 12 leading markets in the week ended Jan. 31 totaled 364,200 head. The following week the number declined to 324,000 head. And this week receipts in the first three days were below last week.

Earlier in the year receipts were running well ahead of 1941 and in January hogs slaughtered under federal inspection amounted to 5,830,613 head against 4,517,314 head in January, 1941.

## Lodges and Patriotic Orders

**Legion Auxiliary**—A patriotic conference was announced for 2 p. m. Sunday, Feb. 22, in the Legion hall, at last evening's meeting of the American Legion Auxiliary. All Legionnaires and auxiliary members are invited to attend the conference.

The auxiliary will sponsor a national defense window display at Eichler Brothers. The department is offering an award for the best display in Illinois.

Mrs. Marie Hettler gave a report of a flag presentation held recently at St. Anne's. A pledge was agreed upon for the Illinois cottage at Normal, Ill., sponsored by the organization, and plans were discussed for helping make hot water bottle covers for Hines hospital, where 1,000 covers are needed.

A card party was scheduled for Feb. 19. On Tuesday, Feb. 24, members of the Lee County council will meet at Amboy for a 12:30 o'clock scramble luncheon, to be followed by a business meeting and election of officers. Those desiring transportation may notify Mrs. Rae Arnould, phone No. B564.

On Tuesday, Feb. 17, the auxiliary members will sew carpet rags at an all-day meeting at the Legion hall. Those attending are asked to provide their own table service and a dish to share.

Following the meeting last evening, refreshments were served by Mrs. Claire Thompson and Mrs. Dorothy Christman.

## Indiana Woman Kills Three Sons Sought by Welfare Department

Evansville, Ind., Feb. 12.—(AP)—Mrs. Madie Messerly, 34, remained in critical condition today with a bullet wound she inflicted. Deputy Sheriff Frank McDonald said, after killing her three sons rather than surrender them to the county welfare department.

The shooting occurred on her Ohio river houseboat when McDonald and other deputies arrived yesterday to take custody of the children on a court order. Welfare department investigators found three goats and two dogs on the boat and termed it an unfit place for children.

The victims were aged 9, 10, and 12. They were sent home from school three weeks ago to clean up and never returned to school.

If they are to work reliably, barometers should be protected from draughts, direct sunlight, and the heat of fires and radiators.

## ABRAHAM LINCOLN

God in His love looked down on our land,  
Yes, 'twas many years ago,  
And He saw 'midst the beauty He had meant to be,  
Only suffering and greed and woe.  
He saw human lives by slavery bound,  
Beaten bodies—bleeding, torn,  
Quaking souls filled with mortal fear and dread;  
Men wishing they'd ne'er been born.  
And He knew that this wandering, unruly flock  
Needed a shepherd's care.  
So He searched not in castles of the great,  
Nor in rich men's homes so fair,  
But tucked away in the Kentucky hills  
In a humble cabin He  
Wisely chose a boy, with a book, by the fire,  
Learning at his mother's knee.  
And He filled his heart with a love for mankind,  
For all that was pure and right,  
With a love for God and His Holy Word,  
For honesty, truth and might.  
And He made of this boy, a man among men,  
Our beloved President.  
Emancipator from slavery's bonds.  
A martyr and friend, God sent.

'Twas Abraham Lincoln, and we honor him today.  
May his spirit lead us, Oh God, we do pray.

## Deaths

### Suburban—

ALVIN JOINER, SR.

(Telegraph Special Service)

Polo, Feb. 11—Alvin Joiner, Sr., 93, passed away at 1:45 o'clock Wednesday afternoon at the farm home of his sons, Charles and Alvin, Jr., on which he was born Nov. 13, 1848. Funeral services, conducted by the Rev. C. J. Pierson of the Presbyterian church, will be held at the home at 2:30 o'clock Friday afternoon, with burial in Fairmount cemetery.

When he was seven years of age Mr. Joiner was taken to Michigan by his parents, Charles and Harriett Joiner, and for a number of years father and son were engaged in the lumber business in several Michigan cities.

In Toledo, O., in 1871, he was married to Miss Ida Wood of that city. Mrs. Joiner preceded him in death in 1918.

In 1884 Mr. Joiner retired from business in Ohio and returned to Polo to live on North Franklin street, where he made his home until he moved to the farm of his sons.

Survivors, besides the two sons, include three daughters, Mrs. John Siddall and Mrs. Veniah Hostetter, both of Tucson, Ariz., and Mrs. Alice Longley of New Haven, Conn.; seven grandchildren, and five great grandchildren.

The deceased was always greatly interested in civic affairs and as long as his health permitted took an active part in everything of community good.

## Funerals

### Local—

G. DUDLEY WOODWORTH

G. Dudley Woodworth who for the past two years has resided at the home of his son at 803 Third street, passed away Wednesday morning, death resulting from a lingering illness resulting from a stroke. Funeral services will be conducted at the Staples funeral home Friday afternoon at 2:30, the Rev. Herbert J. Doran, pastor of the Presbyterian church, officiating and interment will be in Oakwood.

Mr. Woodworth was the son of John Burton and Louise Lugin Woodworth, and was born in Dixon, May 24, 1867, spending his entire life time in this city. He received his education in the Dixon public schools, where his mother was a teacher for 33 years in the same room in the Dementtown school, which was later named for her.

For 16 years he was employed as a cutter at the Watson Plummer shoe factory and on July 1, 1902, he became an employee of the Dixon post office as the original carrier on rural route No. 6, in which capacity he served for

30 years, retiring in 1932. He is survived by his widow; one daughter, Mrs. Herbert Harnden of Humboldt, S. D.; son, J. B. Woodworth of Dixon; a sister, Mrs. W. S. Giles of Chicago and eight grandchildren.

### EDWIN W. SMITH

The funeral of the late E. W. Smith, active in the progress of Dixon and Lee county for a number of years, and oldest Mason in Illinois at the time of his death, was held from his residence, 521 Peoria avenue yesterday afternoon at 3 o'clock. Rev. Fr. B. Norman Burke of St. Luke's Episcopal church officiated, officers of Dixon Commandery, No. 21, Knights Templar conducting the service. The funeral was largely attended and at the grave in Oakwood, officers of Dixon lodge of Elks conducted the impressive committal service.

## Years Ago

(From Dixon Telegraph)

**39 YEARS AGO**  
There will be a dance tonight at Jones hall for the benefit of John E. Mellen, who was scalped at the factory of W. N. Gilbert some time ago.

Miss Bertha-Hank and Herman Wasmund were married yesterday at noon at the bride's home in South Dixon.

A disgraceful riot occurred Monday night about 11:30 on Third street and College avenue, five young fellows participating in a free for all fight.

**25 YEARS AGO**  
A vacant house on Ottawa avenue between Sixth and Seventh streets used last winter as a pest house during the epidemic of infantile paralysis, was practically destroyed by fire early this morning.

The twin infant sons of Mr. and Mrs. E. E. Snyder, 614 N. Crawford avenue, passed away this morning.

Agitation is current throughout the various townships of Lee county to adopt the single highway commissioner system.

**10 YEARS AGO**

Bert C. Rizner, long a resident of Dixon and vicinity, was a victim of monoxide gas poisoning in the garage at his home, 608 College avenue, late yesterday.

Albert Kessel, highly respected resident of May township, passed away Wednesday afternoon at his home.

## Helfrich to Concentrate On Naval Base Defense In Java At Soerabaja

Batavia, Feb. 12.—(AP)—Vice-Admiral C. E. Helfrich, the Dutchman newly appointed Allied Naval Commander in the southwest Pacific, plans to concentrate his greatly outnumbered forces on the all important defense of Java and its naval base, Soerabaja.

Although Helfrich is known as an expert on offense, he obviously cannot launch a general offensive unless help arrives in great numbers.

## SERIAL STORY

KINGS ROW  
BY HENRY BELLAMANN  
COPYRIGHT 1940  
NEA SERVICE, INC.

THE STORY: Schoolroom in smalltown Kings Row brings together orphaned Parris Mitchell, 12 and foreign-looking, who lives with French grandmother; Drake McElough, 12 and "tall boy," beautiful Cassandra Tower; tomboy Randy Monaghan. Teacher Sally Venable mixes on sharp social lines that will grove their lives as they grow up.

### CHAPTER II

THERE was one individual in that noisy playground crowd who felt something of this social difference, and who thought about it. That was Parris Mitchell.

Parris was, in his own dark way, a thoughtful boy. He was standing a little apart and was dreamily half thinking something of Miss Venable's thought. Inside they were all—well, kind of alike. But outside—here, everything was different.

Two or three girls were standing near, talking with their heads close together. He wondered why they always acted that way—as if they had secrets. Vera Lichinsky was one of them. She caught sight of him.

"You going down to Professor Berdorff's for your music lesson?"

"It's my birthday."

"Oh." She looked slightly mystified. Nothing ever interfered with her violin lessons.

"I've got a new Bach piece."

Vera made it sound important.

"I have a new Bach piece, too."

"Is it hard?"

"Yes. It's in four flats."

"Well, I've got to go." She turned with an air of serious decision. She did not look back.

"Hello, Parris." Cassandra Tower hung back from the other girls who were walking away, their heads still close together.

"Hello, Cassie."

Cassandra smiled. "I heard you say today's your birthday. How old are you?"

"Twelve."

"I'm going to have a party next Saturday."

"Are you?"

"Yes. I'm going to invite you."

"I'd like to come."

"All right. I'll send you an invitation."

He walked slowly toward the stile which mounted the tall fence surrounding the school grounds. He did not see a little girl who stood outside watching him through the gap in the boards. She was smaller than Parris, and rather poorly dressed in a faded calico dress. She was extremely blond, and an expression of sweetness—half angelic, half sensuous—gave her a somewhat enigmatic charm.

"Hello, Renee."

They proceeded without further speech along the road toward Parris' home. Renee lived on the von Eln place. Her father, Sven Gyllinson, was the overseer of the nurseries owned by Parris' grandmother. Renee and Parris had played together since they were babies. She was only a few months younger than Parris, but she was a grade behind him in school. Seemingly, they took no notice of each other now. When he picked up a rock and threw it, she threw one also with ridiculously similar gestures. If he swung his book strap from one shoulder to the other, she did, too. Apparently she wished nothing but his company. She was always "tagging" along—always had been as long as he could remember.

As they neared home Renee spoke. "I'll be glad when school's out, won't you?"

"Uh huh."

He opened the wicket gate and stood aside for her to pass through. She waved and turned into a lane that led to the overseer's cottage.

PARRIS MITCHELL'S mother had died when he was born, his father less than a year later. Since then he had been cared for by his maternal grandmother, She

adored him, and he adored her. His grandmother, Marie Arnaut von Eln, was wholly French. Her family came originally from Lorraine. She had been twice married, the second time to a wandering German aristocrat who had come to America to make a fortune. After various enterprises he had bought lands at Kings Row because of some fancied similarity of the soil to that of his native German province. He built a house of foreign fashion, laid out elaborate grounds, and manufactured sufficient wine to drink himself to death.

Marie von Eln was a resourceful woman. She employed French and German labor and turned the vineyards into a nursery.

Kings Row had never known quite what to make of her. She was a "foreigner," but obviously did not fit into the usual categories of what were always derogatorily referred to as "the foreign elements." She had the bearing and manner of an aristocrat, and her sense of humor was of the kind that often made the women of Kings Row uncomfortable.

Parris bore a striking resemblance to her.

"Bon soir, grand'mere." He held her very tight and kissed her four times on each smooth cheek. He rubbed his face against her hair. "Ma belle grand'mere!"

"Mon enfant." She held him off and put up her lorgnettes. "Tu es fatigue?"

"Moi? Non. Pas du tout."

Pictured above are three young Dixonites, all members of the Dixon high school class '42, who were installed at public ceremonies last week into high offices of the local chapter of DeMolay. Bob Tennant, (center), son of the Vern Tennants, is the new master counselor; Bernard Frazer, Jr., son of Mr. and Mrs. B. J. Frazer (right), was installed as senior counselor; and Paul Reynolds (left), son of Mrs. Helene Reynolds, is junior counselor. Bob's father headed the installing staff.

## Reaches 96 Today

**George W. Ling**  
Named for the national hero who founded this country and born on the birthday anniversary of another national idol whom historians credit with saving it, George Washington Ling—one of Lee county's two living Civil War veterans—today quietly celebrated his ninety-sixth birthday anniversary at his home in Franklin Grove.

"Abraham Lincoln didn't amount to much when I was born, so my folks, who wanted an important name for their first son, called me George Washington," is the explanation the Franklin Grove man makes for the unusual relation of his name and birth date.

Mr. Ling was born Feb. 12, 1846, in Somerset county, Pennsylvania. He has vivid memories of the Civil War president, and regards the tragedy of Lincoln's assassination as one of his saddest memories.

The aged man enlisted in the Union army at the age of 18, and was assigned to Company K, 5th Pennsylvania Infantry. After the war, he worked in a copper shop for a time, until the family came west to settle on a farm about five miles north of Franklin Grove. The red brick house where Mr. Ling now resides was built in 1861 by a Franklin Grove pioneer, J. C. Matern.

Mr. Ling is but little more than 10 months younger than Lee county's other Civil War veteran, John Baymount (Dad) Ford of this city, who will be 97 years old in April.

## MISS HELEN SLICK REVEALS HER FEB. 1ST MARRIAGE TO SGT. ROBERT H. STOUFFER

The month of Country Fathers, Emancipators, and arrow-slinging Cupids calls for party plans as does no other four weeks' worth, with February brides stepping along in leading roles, with their soldier bridegrooms. An old-fashioned Valentine box was doing duty at an announcement party of Tuesday evening, and when one of the guests, Miss Donna Welch, glanced inside her flower-trimmed missive, she found a clever rhyme that revealed the marriage of the hostess, Miss Helen Slick, to a young army sergeant, Robert Howard Stouffer of Camp Forrest, only son of the Howard Stouffers of Polo.

Helen and Bob exchanged their marriage vows, the guests learned, on Sunday morning, Feb. 1, at the parsonage of the Methodist church in Rosford, Ga. The Rev. A. L. Ellis performed the single ring ceremony. Corp. Francis Riley of Camp Forrest and his young bride attended the couple. Before her marriage last October, Mrs. Riley was Miss Helen Wright.

Miss Slick chose a redingote of navy blue crepe, trimmed with pearl buttons, and navy accessories for her bridal attire. Mrs. Riley also wore navy blue, and both young women had a shoulder corsage of gardenias and white carnations.

Sergeant Stouffer's bride is the only daughter of Mrs. Clara Slick of 404 Second street. She was graduated from Dixon high school with the class of '38, and is employed at the super market of the Atlantic and Pacific Tea company. She is a member of the Troubadette women's chorus.

Sergeant Stouffer was graduated from Milledgeville high school, and before his education into the army last February, was employed at the Coss Dairy for five years. Mrs. Stouffer suggested games of buncos as pastime for her guests. Mrs. Arthur White and Mrs. Leroy Slick received prizes at the close of play.

Valentine appointments trimmed the refreshment table, where two large white cakes were decorated with the inscriptions, "Bob, 1942" and "Helen, Feb. 1." Red tapers lighted the table.

Attending the announcement party were Mesdames Francis Riley, Arthur White, M. M. Cory, Kenneth Allison of Milledgeville, Howard Stouffer, of Polo, Warren Wells, Melvin Kinn, Leroy Slick, Orlando Spangler, Joseph Murphy, Roy Kreuger, Ernest Gilbert, Wayne Dingman, Oscar Smith, and the Misses Mary Lucille James, Helen Coss, Helen Frazer, Dorothy Lievan, Marilyn Crawford, Donna Welch and Gula Smith.

## BRIDGE CLUB

Mrs. Carl Goff entertained her fortnightly bridge club of 12 last evening, including Mrs. Marvin Winger as a guest player. Mrs. Orville Smith, Mrs. George McGraham, and Mrs. Winger received favors at the close of play. Mrs. Thomas Erwin is to be the next hostess.

Two Dixon students, the Misses Norma Crawford and Jeanne Hart, are back at Northwestern University in Evanston for the second semester in the fourth year of their five-year nursing course. Norma, daughter of the Joseph Crawfords, and Jeanne, daughter of Mrs. Wilbur Hart, will be graduated in '43, after devoting next year to affiliations with Chicago hospitals.

## O. E. S. OFFICERS ARE PARTY GUESTS

Mrs. E. E. Barrowman and Mrs. Glenn Coe were entertaining officers of Dorothy chapter, O. E. S., at a Valentine bridge party last evening at the Coe home. Sweetpeas and red carnations trimmed the tables.

Five foursomes were made up for contract. Those sharing favors were Mrs. Grover Hoberg, Miss Loala Quick, and Mrs. Vern Tennant.

## PAST PRESIDENTS HAVE DINNER PARTY

Members of the Past President's club of Baldwin Auxiliary, United Spanish War Veterans, and their husbands were invited to the home of Mrs. Paul Miller last evening for a turkey dinner. Mrs. R. C. Brewster and Mrs. Henry Bott received favors in the card games which followed the dinner.

Mrs. Lester Street is to entertain next.

## LINKSWOMEN OF PLUM HOLLOW COUNTRY CLUB ARE HOLDING WINTER BRIDGE PARTY SERIES

"If Winter Comes, Can Spring Be Far Behind?" might well form the musical background for the bridge party series, which feminine golfers of Plum Hollow Golf and Country club are sponsoring. Although the hilly fairways are blanketed with snow and spring is still five weeks distant, the linkswomen are occupied with a number of affairs, both social and business.

Monthly bridge parties, inaugurated in November for the purpose of establishing a fund for next summer's Play Days, Stagette parties and other events, have become increasingly popular, and last evening saw 28 guests circling card tables at the home of Mrs. E. B. Ryan for the February party. Mrs. Ted Mason and Mrs. Robert Axline were entertaining with Mrs. Ryan.

Miss Kathryn Herman and Mrs. Ralph Clark scored high in auction; and Mrs. James McAllister and Miss Jane Smith were fortunate at the contract tables. A Valentine lunch followed the card games.

On Wednesday, March 11, Mrs. Frank Randall, Mrs. Leo Miller, Mrs. Edward Gerdes, and Mrs. Lawrence Poole will be entertaining with a St. Patrick's bridge at the formers' home. The January party was held at the home of Mrs. James Reiter with Mrs. Charles Sworn, Jr., Mrs. Delos Brown, and Mrs. George Scott as co-hostesses. Mrs. Charles Cramer, Mrs. Paul Malay, and Mrs. Ernest Swan gave a Christmas party in December, and the November event was arranged by Mrs. Elwin Wadsworth, Mrs. Ralph Barlow, and Mrs. Henry Jensen.

## MONDAY NIGHTERS

Mrs. Mary Hill will be hostess to members of the Monday Nighters club, Monday evening.

## DINNER GUESTS

Dr. and Mrs. Z. W. Moss will entertain at dinner Saturday evening at "Whitthorne."

## County Rationing Boards Wrestling With New Problems

Chicago, Feb. 12.—(AP)—County rationing boards in Illinois today began wrestling with the cases of new automobiles purchased "in good faith" prior to Jan. 1, but not yet delivered, and simultaneously inherited the problem of distributing sharply curtailed retreaded and recapped tires.

Pleasure cars have no rating at this time in the recap and retread rationing program, State Rationing Director Henry Pope Jr., emphasized in instructions to the county directors. The program, to start Feb. 19, will follow in general the plan for handling new tires. A class "A" group which will have first call on the recap and retread jobs will include only "essential vehicles."

Class "B" which will be made up only on the contingency that additional retreading supplies will become available, will include such groups as traveling salesmen, taxicab drivers, certain essential executives and workers, employees of federal, state and local governments, farmers, and owners of passenger cars used by newspapers for wholesale deliveries, according to the Washington announcement.

Pope reiterated a previous statement that "only one out of ten" in class "B" might hope for action on their retread or recap applications.

In all cases, certificates from the local board will be required.

The local boards have from today through Feb. 26 to review and clean up the cases of pre bought but undelivered new cars, which were frozen as of Jan. 1. There are an estimated 30,000 "good faith purchases" to be dealt with throughout the country and after deducting these machines, and subtracting quotas for military, federal, state and local government needs, and export, about 250,000 new cars will remain for general rationing after Feb. 26.

## REPORTS COSTLY FAILURE

By CLARK LEE

With American forces on Bataan Peninsula, Feb. 11—(Delayed)—(AP)—American shore defense guns have smashed into complete and costly failure another Japanese effort to crack the western flank of General Douglas MacArthur's lines on Bataan peninsula, and have inflicted heavy losses on the enemy in doing so.

The Japanese tried a before-dawn landing from a number of barges towed by a sea going tug, but were driven off by artillery and machine gun fire which sank several barges and killed a number of troops. When daylight came the American guns scored a direct hit that sank the tug and left the barges drifting helplessly toward shore, where several more were sunk and their crews captured.

These barges carried life saving and other equipment marked "United States Army Transport Merritt"—equipment which Gen. MacArthur, then a brigadier and commander of the Philippine Scouts, sent to Japan in 1923 after the disastrous earthquake and fire.

Some of the Japanese soldiers tried to swim north to the safety of their own lines but were killed by rifle fire from the shore.

Previous attempts to dent MacArthur's left flank also have been shattered, and on the few occasions when the Japanese succeeded in landing they were wiped out completely except for the few who were wounded and taken prisoner.

## Count 400 Jap Dead

The final mopping up of the west coast battleground where a Japanese suicide battalion landed last week resulted in a count of almost 400 Japanese dead.

The last Japanese scout refuge in caves along the shore. When all else failed, American soldiers tied sticks of dynamite with short fuses to the ends of long bamboo poles and flipped the dynamite into the caves from the cliffs above.

The American airforce had one of its best days yesterday, downing five and possibly six enemy planes while losing only one of its own.

The army command announced that up to Feb. 8 it had confirmation of the destruction of 165 Japanese planes.

The sound of heavy artillery fire which soldiers stationed on the fortress of Corregidor heard last night from the direction of Manila added a new note to the symphony of gun fire which plays intermittently, night and day, around Manila bay.

## New Guns Reported

The new guns have not been located yet, but it is believed they may be some six inches which the Japanese announced over the radio were being set up on Dewey Boulevard in Manila, near the Polo club.

The recent shelling of Corregidor and the other American forts guarding the entrance to Manila Bay by Japanese guns on the southern shore of the bay failed to cause any casualties or damage. Corregidor is unscratched, and work goes on as usual.

Drum, the favorite target of the Japanese, is a solid rock in the shape of a battleship.

The fire from Drum, and the other forts apparently has been extremely effective, for the Japanese shelling has lessened considerably. The Japanese usually fire only in the morning, when the sun is directly behind them.

Can't Make Friends  
Authoritative advices from Manila reported today that Japanese efforts to win the friendship of the Filipinos were failing miserably in the face of widespread hunger and their mistreatment of the people.

At least 10 and possibly 20 Filipinos are said to have been executed in old Fort Santiago, formerly the headquarters of Gen. MacArthur, for opposing the Japanese occupational forces. Their bodies afterward were thrown into Manila Bay, according to information reaching here.

This is the situation they describe:  
Filipinos formerly employed by the American army and navy are roped to telephone poles along the main streets of Manila. For three days and nights they are held there, virtually without food and kicked and slapped by passing Japanese sentries.

If, at the end of this period, the Japanese find them "guilty" of assisting Americans, they are executed. Otherwise they are released.

Judges Mistreated  
Two high officials of the Philippine supreme court—Judge Arsenio Locson and Judge Gregorio Narvasa—were trussed up publicly in this fashion and released only after several hours, when the Japanese apologized for their "mistake."

Pro-Japanese agents are said still to be extremely active, principally the Sakdalistas and Ganap members of Filipino parties which long have agitated for freedom from American rule. They point out suspects to the Japanese sentries.

When the agents fail to turn in any suspects, they are themselves tied up. Hence they make their accusations at random.  
One Filipino who helped the Japanese find a 5,000-gallon cache of gasoline and was rewarded publicly for that deed later was reported to have been shot for failing to locate additional supplies.

## Surrender Demand

(Continued from Page 1)

a drive from Bukit Timah, only 5 1/2 miles northeast of the heart of the city.

"At dawn today, strong Japanese army units assisted by the air launched a powerful mopping up offensive to crush British resistance around the water reservoir in the central part of the island," a Japanese communique said.

The Tokyo radio, declaring that the conquest of all Singapore island was "only a matter of hours," asserted that Japanese forces were pushing deep into the city itself after occupying the famous Singapore racetrack in the northwest suburbs.

Virtually unopposed in the air, Japanese dive bombers were blasting at British troops and rescue ships in the harbor.

On other fronts in the critical struggle:  
Dutch Indies—Tokyo headquarters declared sea-borne Japanese troops had completely occupied Macassar, chief port and capital of Dutch Celebes island, as well as the town of Gasmata on Australian-mandated New Britain island.

An Idles communique said Dutch troops were still fiercely resisting the Japanese invaders in various sectors of the 3,000-mile archipelago, but gave no details.

Aneta, the Dutch news agency, said Dutch forces on Celebes and Borneo were believed to be fighting desperately to stem Japanese drives against Macassar and Bandjermasin, Borneo southeast coastal port—both aimed at Java, the heart of the Indies.

Burma—Imperilled British troops battled to halt a Japanese thrust across the strategic Salween river toward Rangoon, the Burmese capital.

London military quarters said outnumbered British defenders still held a line from the naval base, in the north, to Pasir Panjang, a village on the south shore, west of Singapore city.

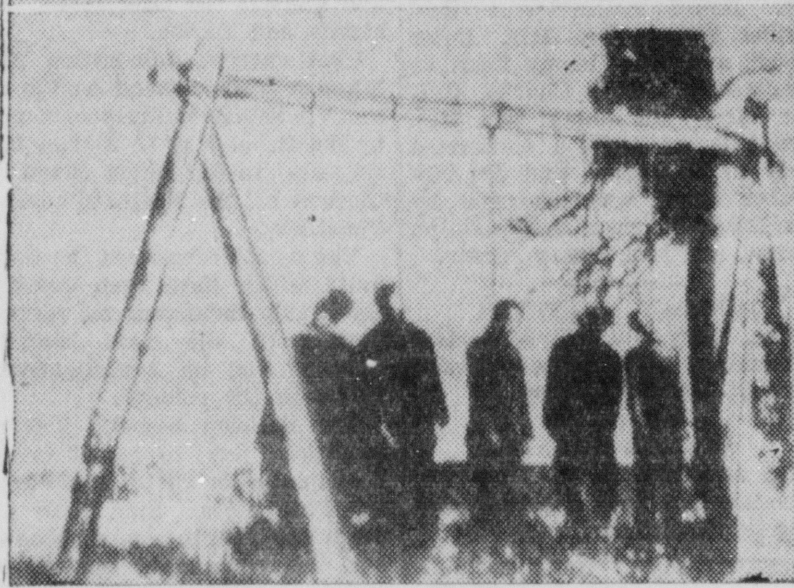

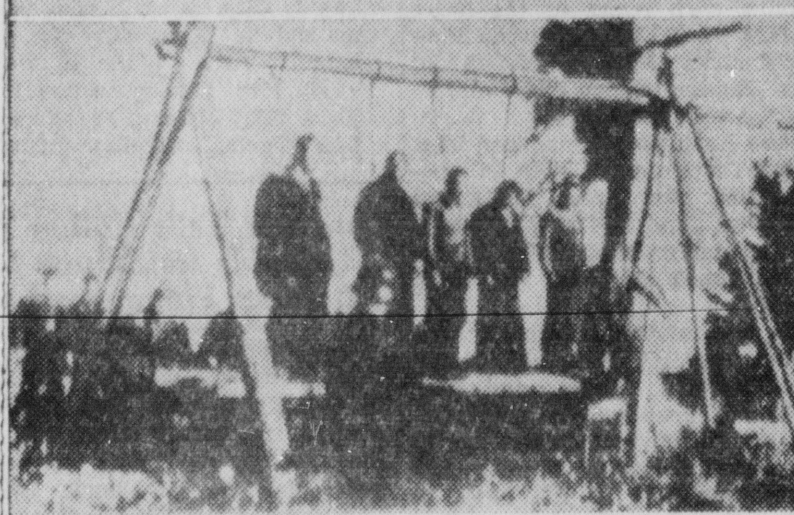

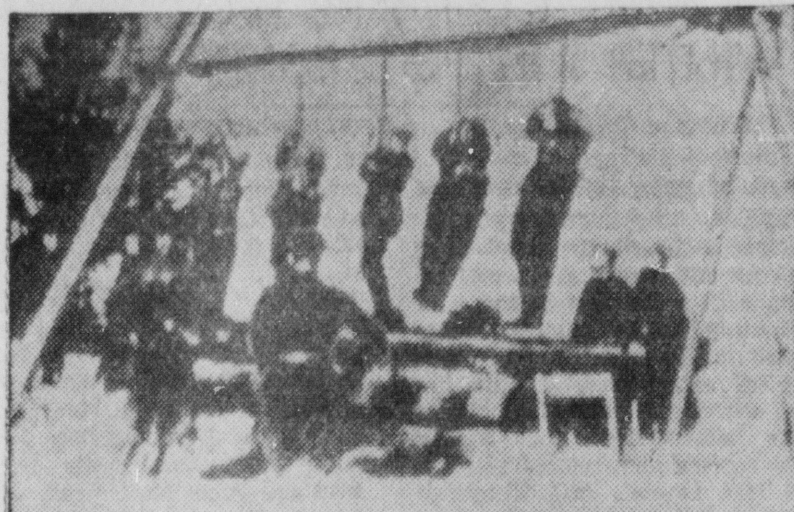

An official communique, however, acknowledged that the Japanese drive from the west had effected "some infiltration."

Surrender Note Ignored  
A note demanding surrender, dropped yesterday by a Japanese warplane, was ignored by the garrison commander, Lieut. Gen. A. E. Percival. He acknowledged, however, that his men were being driven slowly back on the western side of the island.

London authorities were prepared for loss of the 400,000,000 Asiatic bastion. Holding off of the invasion army until withdrawal of women and children was completed was apparently one aim of the defense forces.

In Sydney, Australia, CBS reporter Cecil Brown said Singapore "probably will be in Japanese hands in the next 24 to 72 hours." He reiterated charges that caused him to be barred from the air in Singapore one month ago—charges that the British were complac-

## List Jap Sea Losses

In Washington congressional leaders said the United States must redouble efforts to get quantities of planes, tanks and guns to the East Indies, Australia and Burma.

Australian warplanes scored a direct hit on a Japanese transport yesterday in an attack off

Gasmata, New Britain, Canberra authorities announced.  
The Dutch added two Japanese cruisers, a destroyer and a submarine to their list of sunken vessels. These were officially reported to have been destroyed in a previously announced engagement off Ambon island in which only one Japanese cruiser had been claimed.

Japan's most recent population figure is 101 million.

## New Leaders Must

presidential nominee, in Washington last night made a call for "new leaders" whenever victory is endangered by official bungling.

The New York Stock Exchange and other major markets there, as well as banks and many public offices in New York and other states were closed for the day—declared a legal holiday in 30 states.

National Commander Lynn U. Stambaugh of Fargo led the annual American Legion pilgrimage to Lincoln's tomb at Springfield, Ill. Lord Halifax, the British ambassador, placed a wreath on the tomb. He participated in a Lincoln's birthday celebration at Springfield last night.

Hundreds of visitors thronged Illinois placed hallowed by Lincoln's memory—the white frame house in which he lived while serving in the Illinois legislature; the village of New Salem, which has been restored; and the courthouse where he tried cases while a circuit-riding lawyer.

At Bloomington, Ind., the University of Indiana announced purchase of what is described as the last big privately owned library of material on Lincoln.

Washington, Feb. 12—(AP)—Lincoln Day rallies open the Republican party's congressional election campaign today with a keynote set by Alf M. Landon—a call for "new leaders" whenever victory is endangered by official bungling.

The 1936 Republican presidential nominee charged the administration with treating the war as "just another political alphanumerical project." He spoke to a Lincoln Day dinner last night which was the forerunner of dozens of similar gatherings over the nation tonight, tomorrow and Saturday.

Wendell L. Willkie speaks at Boston tonight, Thomas E. Dewey at New York, Senator Taft at Knoxville, Tenn., and other high party members in other cities.

Landon demanded a 25 per cent cut in non-military appropriations and a ban on war profiteering.  
He declared that "every citizen owes it to his country to give the president wholehearted support in his prosecution of the war," but added that President Roosevelt had failed to make clear "the staggering sacrifices" ahead.

Resources Must Triumph  
"In the end," he said, "our great and comparatively unspent resources of materials and men must triumph. But that triumph must not be delayed or even threatened by incompetent and unskillful leadership, at home or on the battlefield. x x x

"In this great national effort we might take a leaf from the book of our English cousins. Their determination to win ultimate victory never changes. But they do change leaders, in the field or at home, whenever bungling management of their wars endangers military success."

Landon said there was "deep concern among observant citizens at our unpreparedness, despite all the appropriations by the congress for our armed forces. Added to that anxiety there is a growing anger at the weakness in the administration of the war funds, as revealed by the stinging unanimous report of the ten United States senators of the Truman committee."

War Remote to Many  
Excusing waste caused by "essential haste" in preparing for war, the former Kansas governor declared the risk was too great and the stakes too high for any patriotic American to "sit silent in the face of incompetency and unsettled rules that interfere with maximum efficient prosecution of the war."

"At best," he said, "it may be a long, long time before we achieve ultimate victory. To many citizens the war is still remote. The American people listen for the voice of our president."

## KELLAND SPEAKS

Indianapolis, Feb. 12—(AP)—Clarence Budington Kelland, executive and publicity director of the Republican national committee, said today a war time political recess would mean "the destruction of the two party system and the disappearance of the republic."

In a speech prepared for a Lincoln Day luncheon of the Women's Republican Club of Indianapolis, the novelist-political leader and Arizona national committeeman added there yet were "those who advocate such a political recess, and political unity."

"No sane American believes that elections will be suspended, delayed or abolished for the duration of the war," he went on. "There will be elections. But to state that there will be elections and at the same time to urge political unity is to state an absurdity. If there is political unity an election is a farce."

Quotes Lincoln  
Kelland defined politics as "the sole means by which the common man can express his patriotism and his vital interest in the welfare of his country," and quoted President Lincoln to the effect that "a man may be loyal to his government, and oppose the peculiar principles and methods of the administration."

He repeated his recent state-

ment that "the second duty of every citizen of the United States in time of war is to engage himself vigorously in politics," adding:

"Politics is good in time of peace; in time of war politics is indispensable."

He said there was "a vast and important difference between political unity and national unity"—national unity being "loyalty to the common state and for the common welfare" and political unity "unity under the emblem of a single political party."

## DRAWS PARALLEL

Chicago, Feb. 12—(AP)—Alderman Paul H. Douglas, candidate for the Democratic nomination for U. S. Senator, today drew a parallel between problems dealt with by Lincoln and now confronting president, but, he told the Maywood Rotary Club, "Lincoln during the Civil War had a much more divided country behind him than has Franklin Roosevelt today."

"While the attack on Fort Sumter temporarily united the country as did the bombing of Pearl Harbor, there was a large section of the north which was opposed to waging war against the south," he said.

"Lincoln also had to face a series of early military reverses. After every major defeat, the copperheads attacked the president's administration of the war and at the same time insinuated the idea of a negotiated peace."

"I am confident that they (the American people) will stand behind Franklin Roosevelt and that we will all stick it out until we have beaten both Japan and Hitler and will have won in both the Pacific and the Atlantic."

## Army &amp; Navy Contracts to be Negotiated Instead of Going Through Bidding

Washington, Feb. 12—(AP)—The war production board plans to place all war contracts by negotiation rather than by competitive bidding, Douglas MacKeechie purchases director, notified the senate defense investigating committee today.

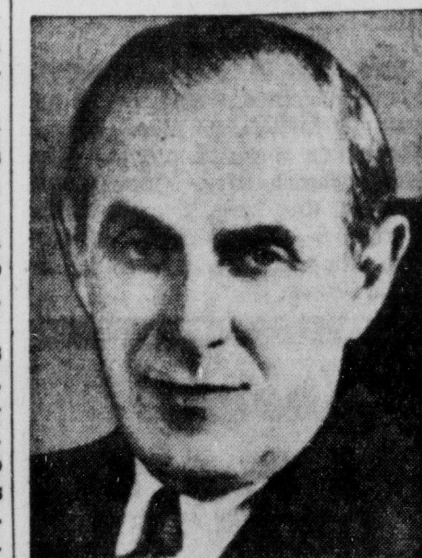

This course, designed to speed the placing of Army and Navy orders, will be accompanied by two other sweeping policy changes:

1. Contracts for standard commercial items will be placed generally with small manufacturers, leaving the more difficult armament jobs to bigger concerns.

2. To prevent inflated profits on war orders, contracts will contain a clause providing for renegotiation after the contract has been placed and signed.

To carry out the re-negotiations the WPB is establishing a contract review branch in MacKeechie's division, charged with the task of reviewing all major contracts and recommending changes if they appear to give manufacturers too high a profit or are faulty for other reasons.

## The War Today

(Continued from Page 1)

not at some indefinite time in the future. Our own grand boys are dying in the Philippines, and other grand British boys are fighting their last fight in Singapore, just to delay the Japanese advance long enough to give the allies a chance to get help to the Orient.  
It isn't necessary that the Indies fall if reinforcements do arrive in time. The Dutch already have the nucleus of a really fine defense, and substantial assistance might enable them to hold out long enough to give Britain and America a chance to repair the unhappy situation caused by their being caught unprepared by the Japs. Reinforcements are said to be on the way from both countries, and the prayer now is that they may arrive in time.

I have reverted to this subject of complacency because I am being pressed by people in many parts of the country to emphasize the danger—a threat which is doubly great because Hitler is making a supreme production drive in order to be ready for his spring offensive. All German industry and consumption have been geared to this one end. It is a race against American production.

A prominent man in a distant state writes me:  
"I don't mind telling you that I have been deeply disturbed by the complacency I have encountered in places high and low. This is a mighty good state, peopled by mighty good folks. They are patriotic and they want to do their part. But they are too cocky. They can lick the Japs with both hands tied behind their backs. And so, inasmuch as the job is an easy one, why start giving it the works today?"

From a young man out in Sioux Falls, South Dakota, comes this: "As one who has spent all of his twenty-nine years in the mid-west and who is preparing to join the great United States army as a first lieutenant in just seven days, I wish you or someone could awaken the loyal Americans in this section to the danger that lies ahead. They are too complacent."

And so, I've been getting it— from all south, east and west. And undoubtedly there is much truth in the charge. Even the effect of Pearl Harbor seems to have worn off in places, and it may be that we have needed something further like Singapore to shock us up.

As Admiral Standley says, we can lose this war. However, we don't need to lose it if we all turn to with a vengeance and do our part, for the resources of the allies are ample to beat the axis.

## Auxiliary Firemen

ped on Dixon, citizens should call the nearest auxiliary fireman, rather than the fire department, and should heed the auxiliary's advice and instruction. He in turn will communicate with the city fire department.

## Roster of Auxiliaries

Auxiliary firemen already named, covering most of the city, are: L. Henry, 115 E. Everett street; Bruce Gynn, 605 Hennepin avenue, phone R1440; Gayle Keyser, 514 Spruce street, phone M547; H. D. (Pete) Miller, 239 Lincoln Way, phone 700; Lewis Robinson, 312 Sixth street, phone W728; William Wilkey, 1022 Peroria avenue, phone X1120; Herman Schick, 927 North Dement avenue, phone B408; H. W. Hartman, 913 Fourth street, phone X1238; John Keane, 803 Madison avenue.

During the discussion last evening Chief Cramer advised that citizens be warned to remove all old furniture, etc., from attics, for articles of that kind make excellent fuel for fires started by bombs dropped on the roof.

Volunteers Needed  
Records at the office of City Clerk Wayne C. Smith indicate a large enrollment in several branches of the Civilian Defense Council, but a marked shortage is noted in other departments. An urgent need for volunteer workers as auxiliary firemen, air raid wardens and auxiliary hospital homes was noted today.

A meeting of the defense department chairmen is being planned for early next week, when plans will be outlined for a mass meeting of all workers enrolled. It is expected that about 500 persons will attend the mass meeting at which time instructions will be issued for the various departments of activity, particularly for the building up of civilian morale.

Pusher type airplanes are not used for military purposes because of the problem created in getting the crew out with parachutes in an emergency.

# Shuck Grocers Tie With Boyntons For First Spot in Classic League

## Shuck Bowlers Have Individual Series Average Over 500

### Williams DeSoto Team Goes Into Second Place

In the Classic League bowling session last night the Shuck Grocers displayed some real old fashioned consistency. Each one of her men, F. Smith, Dwyer, Underwood, Long, and Bob Hoyle rolled series in the 500 group. Smith was high with a 558 and no one rolled under a 502. The Grocers trimmed the Bonded Gas and Oil three straight. Metzlin led the Oilers with 531. This three game victory put the Shuck team in a tie for first place with the Boynton-Richards bowlers.

Boynton's won two from the Courthouse gang with Hackett leading the winners with a 531 series. Badger downed the top number of pins for his mates with 545.

The Williams' DeSoto crew managed to take two from the Family Liquor Store. This gave the DeSoto bowlers the right to second place honors until the tie for first is broken. Wolfe was out in front for the DeSoto team with 531. F. Loeschner paced his teammates with a 448 series.

Beier's Bread dropped three games to Jay's Tavern. Witzleb fronted his winning team with a series of 513 and Dusing topped the high number for the losers with 525.

The United Cigar team won two from the Knack White Owls night. J. Smith with a series of 546 was the Owls best offering and Bondi led the United bowlers with 517.

The I. N. U. keggers broke away from a tie with the Welch and Brader team in the standings by winning two from the latter. Brader bowled high for his own team with a 457 and Schertner was top man for the winners with 519.

The Wilbur Lumber Co. won two from the Old Style Lagers while Daschbach paced the winners with a 546 series and J. Gorman was the high bowler for the losers with a 494.

The Welty Pontiac team in beating the Gold Buckle Orange outfit rolled the high team game for the evening with a 1023. The Pontiac bowlers won two out of three from the Orangemen and a series of 518 was their high which was rolled by Nelson. Bryant led the losers with a series of 464.

Hackett bowled the high individual game for the night with a 232. Shawger followed with the second high at 216 and the other high games for the night were: Walt Klein, 215; Stuart 210; Hill 210; Shultz 210; J. Gorman 208; Badger 208; F. Smith 202; Wolfe, 202; Underwood 201; Fitzsimmons 201; and Williams 200.

## H. S. Boys and Girls to Meet in National Bowling Tournament

Chicago, Feb. 12—(AP)—A national tournament for prep bowling teams was announced today by the American High School Bowling Congress.

Milton Raymer, congress secretary, said the event, open to both boys and girls, would be held April 4 as a telegraphic meet with all scores being submitted to the Chicago headquarters. Eligible, he said, would be the two top teams in each of the 136 prep intramural leagues under Congress sanction. The meet will be conducted on a handicap basis.

The winners' rewards will be an educational tour that for the boys will include bowling in the 1942 ABC tournament at Columbus, O. The girls will bowl in a Milwaukee tournament, Raymer said.

## Dixon Dukes Play Host to Belvidere

### Frosh-Soph Game To Get Under Way at 7 p. m.

If any of ye good ol' fans might be a bit superstitious about walking under ladders, avoiding black cats and et cetera, you had better remain in your sweet little domiciles Friday, cross your fingers and hope that the Dukes will survive their encounter with Belvidere for this particular Friday has a big black 13 attached to it. On the other hand, you stout-hearted rooters better be on deck pulling for your Dukes for their last battle with Belvidere was too close of a shave and these kids will need your support.

Belvidere comes to Dixon Friday night for a non-conference tilt. She'll be out to even things up with the Dukes and might possibly do just that; however, Dixon will have to be under par in order to drop this one and Belvidere will have to be mighty hot. This last statement is surmised from the fact that since Dixon barely eked out a win from Belvidere; the DeKalb Barbs handed Belvidere with a fair margin and in turn has been terrifically thumped twice at the hands of the Dukes. At least, we hope this to be a logical conclusion.

**Needed Recess**  
Dixon's recess from Conference play Friday night will be a well-earned relief. The strain of hanging onto a first place standing is nerve-racking besides being an actually tough job. Dixon's battle of the year will be up the Friday following for she faces a rejuvenated Princeton team which has designs for a share in the conference title and the latter, from the way she went through Mendota and Spring Valley in the last week, is going to be no slouch in expressing her wants when she faces Dixon.

**Good Attitude**  
To basketball there is more than just tossing a ball around until someone gets an opening for a shot. There are five individuals on a team and not only must their floor play coincide but their mental attitudes must agree for a ball club is as strong as its poorest attitude. One man can cause havoc to the best team going. The Dukes, this year, have been exceptionally fortunate in having a gang of boys that have compatible attitudes toward the game and an unquenchable desire to get in and mix it up. If this characteristic keeps flaming in the Dukes ranks we can wager our last shakles that whether or not they bring home all the championship laurels they will undoubtedly be the shining light in any ball game.

**Line-Up**  
Coach Sharpe will probably start the same line-up that faced DeKalb a week ago—Leeper and Shank at forwards, Reynolds at center, and Loftus and Van Meter at guards. Knack and Hubbard, because of last week's performance, will see some action before the game is very old.

**Frosh-Soph Team**  
The Dukes Frosh-Soph team haven't been idle while her older brothers have been grabbing off the glories. These youngsters are in a tie for first place in the Conference and have a remote possibility of winning the championship in their division before the season is over.

The Frosh-Soph team will meet the Belvidere "B" team in the opening game tomorrow night which is scheduled to start at 7:00 p. m.

Coach Lindell's starting line-up for this game will likely be: Goff and Cramer at forwards, Bivins at center, and Bowers and Alexander at guards.

**Brown University Starts Spring Football Practice**  
Providence, R. I., Feb. 12—(AP)—Brown's football coach, J. Neil "Skip" Stahley is taking no chances on being unprepared for next season for his spring drills already are under way.

Stahley called out his candidates Monday for gymnasium workouts and the outdoor practice will get under way as soon as conditions permit.

A waste of one gallon of gasoline out of every 10 is the result when sparkplugs are dirty and their firing points out of adjustment or badly worn.

## Sports Roundup

**By HUGH FULLERTON, JR.**  
(Wide World Sports Columnist)  
New York, Feb. 12.—(Wide World)—It was a swell gesture of the Boston Bruins to hand the "Kraut" Kids a whole years' pay, but you could expect that club to give its soldiers a good sendoff . . . Weston Adams, the Bruins' president, has just received his commission as naval lieutenant; Art Ross, Jr., the manager's son, teaches advanced flying in the R. C. A. F. and another son, John, soon will be in the U. S. army . . . Other big league hockey clubs are doing equally well.

**Today's Guest Star**  
Art Cohn, Oakland (Cal.) Tribune: "Cohns are practically complete for the first Pan-American Olympic games at Buenos Aires in November. You may expect an announcement any day now about the Slip Madigan De Luxe Tour to Argentina—via the Canadian Rockies."

**Spring Braining**  
Senator "Jim" Meade, who is vice president of the Buffalo baseball club, has done some checking up with the Federal Power Commission and reports that minor league ball clubs don't have to worry about night games being curtailed unless there is a decided change in conditions . . . Looking for more .300 hitters and fancier prices for them, the Texas league has adopted a livelier ball this year and at least two Piedmont league clubs have shortened their fences . . . Homer "Dixie" Howell, who is slated to go to Havana with the Dodgers, has been playing ball there all winter.

**Court Coincidences**  
Sample of higher learning at Knox (Old Siwash) college: Last Friday night the Knox basketball team made 20 field goals and seven free throws but lost 50-47 to Lawrence, which had only 18 field goals but sank 14 from the foul line . . . The next night Knox played Grinnell and won 50-47 . . . Yeah, that's right: Knox 18 field goals and 14 fouls, Grinnell 20 and 7.

**Odde—And Some Ends**  
Racing fans finally have had a chance to see the touted Peruvian horse, Meissen, in action . . . and at last report he still was Meissen in action . . . Bob Hooey of the Ohio State Journal suggests that the Great Lakes Naval Training Station should replace Chicago U. in Big Ten athletics for the duration of the war.

**What's In a Name?**  
Robert Lemon, who is coming up to the Indians, played second and third bases, shortstop and all three outfield positions in the past two years and hit .301 for Wilkes Barre last year—which is sweet enough . . . And the Brown's rookie, Bob Neighbors, stole 23 bases on 27 attempts in the Texas league . . . Neighbors—we'd call them cousins.

**Sammy Angott Is Feted at Reception**  
Washington, Pa., Feb. 12—(AP)—The following is just one of those heart-warming incidents which make being an American important business is all hellishness of the world today.

It's just another replaying of an old record—the good burgers of the native heath gathering to honor the rise of the neighborhood kid.

Last night it happened to Sammy Angott, who is lightweight boxing champion of the world, but could have been president, a financial wizard or a matinee idol because in America the kid from across the tracks can get anywhere if he keeps plugging.

Sammy kept plugging so today he's a champion and last night his neighbors served him the heady wine of adulation which showed they also knew he was a champion. Those neighbors included bankers, and others, who probably didn't know Sammy when he was a kid in patched pants but did want to clap him on the back for a strictly American trait—bustin' to the top against all odds.

The Washington Observer Publishing Company, which prints Sammy's home town newspapers, arranged the affair. Big shots in the sporting world came to help do Sammy honor.

Nat Fleischer, publisher of Ring Magazine, presented Angott with a jeweled belt, emblematic of championship. He announced it would be the last of Ring Magazine belts presented until after the war.

## CUBS IN FIRST, THREE WAY TIE FOR SECOND IN LADIES AFTERNOON LEAGUE

In the Ladies' Afternoon Bowling League Tuesday the Cubs managed to stay in first place by virtue of their previous margin of games for they were beaten twice by the Tiger bowlers. The Yankee Ladies by grand-slaming the White Sox made it a three way tie for second place.

In the Tigers' victory over the Cubs, Courtwright rolled high for the winners with 441 and Bonadurer's 432 was the leading figure for the losers.

The Yankees three game win over the White Sox brought up the high individual series for the afternoon, 434 which was rolled by Daschbach. Ventler led the losing White Sox with 354.

## CONN AND ZALE FINISH TRAINING FOR BOUT

New York, Feb. 12—(AP)—Billy Conn, former light heavyweight champion, and Tony Zale, world middleweight titleholder, who meet in Madison Square Garden tomorrow night, wound up their training yesterday in different fashion.

Indicating that he would try for a knockout, Conn punished three sparring mates in a bruising workout. Zale merely skipped through some limbering-up exercises.

## Thompson Defeats Caledonia Quintet

Thompson entertained Caledonia last night and handed her a 36 to 28 defeat. At no time during the fray was the home team threatened. Thompson took an early lead in the game and protected it throughout with a good scoring offense and a defense which protected her margin.

In the first quarter Thompson took a lead of 10 to 6 and rested on it through the second frame with half time ending at 18 to 14. In the third quarter Thompson feeling the urge to increase her grip on a win widened the margin of score to 10 points which gave her a 29 to 19 lead going into the fourth frame. Thompson proceeded to play cautious ball through the fourth and won out 38 to 28.

Corwin paced the winners with 14 counters and Anderson led his mates with 19.

Western enters the game tied with Northern of DeKalb for runner-up

## Weekly Food and Marketing Letter by Mrs. George Thurn for Dixon Telegraph Readers

Housewives have no choice but to take inventory of their eating habits in these critical, food-conscious times. As the tremendous national production drive gains momentum, they are weighing each food served at each meal for its contribution in energy and bodybuilding qualifications.

The spotlight of favor is beginning to focus again on two sturdy every-day foods—long neglected on many a diet because of the mistaken impression that they were "fattening." The two popular revivals are easy to name: Bread and Potatoes. Potatoes will be discussed in a future article, but it should be remembered that they are a rich source of vitamin C, and that they are fattening only as butter and cream are added generously. The humble potato also contains plenty of minerals, especially potassium, and about 2 percent of complete proteins.

Nutrition research has proved conclusively that serious vitamin shortage is not confined to the low salary groups. In thorough two-year tests conducted among 3,900 residents of Pennsylvania, representing a wide income are these startling deficiencies were noted: Vitamin B, almost 100 percent; vitamin A 10 percent, and vitamin C 68 percent.

In other words, virtually the entire 3,900 men, women and children who were tested at regular intervals, under scientific supervision, were deficient in Vitamin B, regardless of the income bracket.

Early in the war, the British government ordered bread enriched with vitamin B<sub>1</sub>, characterized as the morale vitamin. More than one year ago, long before it was confronted with the actual emergency of war, our own government anticipated the same need and urged the enrichment of bread and flour—largely deprived of its B<sub>1</sub> and other vitamins in the whitening process. Here was a radical change, involving careful and costly production shifts under scientific supervision, yet many of the nation's leading flour mills volunteered early last year to bring out the fortified product.

Not all bread and flour have been enriched, but it is possible for the nutritionally-minded shopper to buy the fortified product at her bakery or grocery; the wise buyer also will demand enriched flour of known dependability as the sturdy foundation for her own home baking.

Why more bread? Wholewheat or enriched bread and cereals are among the "must" foods for those who wish to give their families ample B<sub>1</sub>, otherwise known as thiamin. Bread made with milk supplies such necessary minerals as calcium, phosphorus and some iron. Milk-breads usually stay moist longer. Bread and cereals are counted on to supply more than 25 percent of the proteins in the American diet. Although bread is rated as one of the least expensive sources of food energy,

it should not be inferred that it will produce overweight. The control of weight depends on the food energy of ALL the foods you eat and not on any one specific food.

That quick food energy is doubly assured with nourishing milk-breads. Each ingredient makes its important contribution. The fresh yeast cake itself supplies substantial amounts of four vitamins, A, B, D and G. These rich vitamins go into your breads and rolls for extra food value.

Scientists have just come forward with another argument for baking soft rolls, rather than the "crusty" variety. Little girls who have been hopelessly eating their crusts for years to encourage curly hair better not be told about Dr. Douglas J. Hennessy of Fordham, who perfected a method by which B<sub>1</sub> is chemically measured. Since B<sub>1</sub> is destroyed by heat, the crust—which is most exposed to it, therefore loses most. Soft rolls, whether made from enriched or wholewheat flour, come out of the oven with more thiamin than the hard variety. The greater the surface exposed to the heat, the greater the reduction.

"Too much trouble to bake home-made rolls?" Simplified products and methods, used in combination with modern equipment, are proving daily that wholesome raised breads are almost as easy to make as icebox cookies. And as these popular cookies, the mixed dough may be stored in the refrigerator four or five days for convenient use as needed.

When using dough thus stored, allow two time periods: First, time for the chilled dough to rise to double its bulk in a warm place; second, about 20 minutes for baking any type of rolls.

Fragrant, home-baked rolls often answer that craving for "something different." Consider them, too, as a special treat for February parties. A few simple rules will guide your baking, so that each use of yeast will be a systematic success, not an uncertain adventure.

**Rules For Yeast Breads**  
1. Yeast is a perishable food. Keep it wrapped intact, in a refrigerator or cold place until used.

2. Too much heat kills yeast. When dissolving it for baking, be sure the liquid is lukewarm, preferably around 80 degrees F.

3. Use an all-purpose flour; never use cake flour.

4. Too much shortening retards the growth of yeast. Use the quantity directed for best flavor and texture.

5. Fifth on the list, but first in all culinary success, is accuracy. All measurements should be accurate.

(a) Level dry ingredients with a knife. 1 cup contains 16 level tablespoons; 1 level tablespoon contains 3 level teaspoons.

(b) Stand cup on flat surface

when measuring liquids. Standard measuring cups hold 1/2 pint.

6. How to use milk: All fresh milk should be scalded and cooled before yeast is added.

7. Knead dough quickly and lightly until it is smooth and elastic and the surface blisters. It should not stick to the fingers or board. (Coat fingers lightly with butter or shortening.) Push the dough with the palms of the hands, with fingers served to prevent dough from flattening out too much. With every push it should be turned one-quarter way round and folded over.

I am adding a delicious recipe for Refrigerator Rolls, which may be made up into Clover Leaf, Parker House, Crescents, Pecan Rolls, Cinnamon or Orange Buns or other desired breads.

Serve some form of enriched bread with every meal.

## FORTIFIED FOODS

### Refrigerator Rolls

1 cup milk  
5 tablespoons sugar  
1 tablespoon salt  
1 cake yeast  
1 cup lukewarm water  
6 cups sifted flour  
6 tablespoons melted shortening  
Scald milk, add sugar and salt; cool to lukewarm. Dissolve yeast in lukewarm water and add to lukewarm milk. Add 3 cups flour and beat until perfectly smooth. Add melted shortening and remaining flour, or enough to make easily handled dough. Knead well. Place in greased bowl. Cover and set in warm place, free from draft. Let rise until doubled in bulk, about 1 1/2 hours. Then punch dough down in bowl; brush lightly with melted shortening. Cover well with two thicknesses of waxed paper and place in refrigerator until needed.

**Parker House Rolls:** Cut off as much chilled dough as desired. Punch dough down. To facilitate handling, let stand a few minutes at room temperature. Then roll out 1/4 inch thick and cut with 2 1/2 inch biscuit cutter. Grease heavily with center with dull edge of knife and brush very lightly with melted butter. Fold over in pocketbook shape. Cover and let rise in warm place, free from draft, until doubled in bulk (about 1 hour). Bake about 20 minutes in hot oven 425 degrees F. Yields 4 dozen.

**Clover Leaf Rolls:** Divide once-raised dough into small balls. Brush sides with melted butter and place 3 balls in each section of a greased muffin pan. Cover and set in a warm place, free from draft. Let rise until doubled in bulk and bake as for Parker House rolls. Yields 2 dozen.

**Honey Pecan Buns:** Place 1 teaspoon brown sugar, 2 teaspoons honey, 1/2 teaspoon butter and 3 pecan halves in each greased muffin section. Cover with small raised roll or a pinwheel strip of filled dough prepared this way:

Roll once-raised dough into an oblong sheet 1/4 inch thick and about 26 inches wide. Brush well with melted butter; for added sweetness, sprinkle with brown sugar and chopped nuts. Roll tightly as for jelly roll. Cut in 1 inch sections and place cut side up in prepared muffin pans. Cover and let rise in warm place, free from draft, until light, about 45 minutes. Bake about 30 minutes in moderate oven 400 degrees F. Take out of pans immediately, bottom side up. Yields 4 dozen.

**Variation:** Sprinkle sheet of buttered dough with mixture of cinnamon and brown or white sugar, allowing 2 teaspoons cinnamon to 1 cup sugar. Add 1 cup raisins or currants before rolling.

**Crescents:** Divide once-raised dough into three equal portions. Roll ball of dough into circular shape about 14 inches in diameter and 1/4 inch thick. Cut into 12 pie-shaped pieces. Brush lightly with melted butter and roll up, beginning at the wide end. Shape into crescents and place on well-greased baking sheets. Cover and set in warm place, free from draft. Let rise until light, about 1 hour. Bake 20 minutes in a hot oven 425 degrees F. Makes 3 dozen.

**Cheese Rolls:** Turn once-raised dough on lightly floured board. Divide into 2 equal portions and roll into oblong pieces 1/4 inch thick. Brush lightly with melted butter (2 tablespoons) and sprinkle with grated American cheese and paprika. (For full recipe, use 2 cups cheese to 1 teaspoon paprika.) Roll up as for jelly roll, cut in 1 inch pieces and place cut side up in well-greased muffin pans. Cover and set in warm place until light, about 1 hour. Bake 30 minutes in moderate oven 375 degrees F. Makes 2 dozen.

**French Onion Soup**  
1/4 cup butter  
6 medium-sized onions, sliced  
1 quart boiling water  
5 bouillon cubes  
6 slices toasted French bread  
1/2 cup grated Parmesan cheese  
Melt butter in large saucepan. Add onions and cook 10 minutes. Add boiling water in which bouillon cubes have been dissolved, cover and cook over low heat until onions are tender. Pour soup in deep dish, place toast on top

and sprinkle with cheese. Place in moderately hot oven 425 degrees F. until cheese melts.

**Applesauce Cake**  
1 cup sugar  
1 egg, beaten  
2 level teaspoons baking soda  
1/2 teaspoon ground cloves  
1 teaspoon vanilla  
1/4 cup melted shortening  
1 1/2 cups applesauce  
2 cups sifted flour  
1/2 teaspoon cinnamon  
1/2 teaspoon salt  
1 cup raisins, cut in half  
1/2 cup chopped walnuts  
Blend together the sugar, egg, vanilla, shortening and the applesauce, which should be smooth. Sift together the flour, baking soda, spices, salt and add raisins and nuts. Combine with first mixture and blend well. Pour batter into a well-greased loaf pan and bake slowly about 1 hour in a moderate oven 375 degrees F.

**Note:** This well-tested recipe, a favorite bridge club dessert for many years, may be served plain or with a confectioner's sugar icing. The fruit filling holds the moisture, so it also is popular in the lunchbox.

**Cranberry Juice, Vintage 1683**  
In the old Harlow House in historic Plymouth, Mass., on a long hand-hewn table, lies a cook book with yellowed pages. It is "The Compleat Cook's Guide" dated 1683 "wherein The Art of Dressing all Sorts of Viands with Cleanliness, Decency and Elegance" is explained. One of the recipes sets forth the method for making Cranberry Juice, proving that in 1683 people recognized foods that were good to taste and take. Here is the recipe:

"A Most Pleasant Drink: Put a teacupful of cranberries into a cup of water and mash them. In the meantime boil 2 quarts and a pint of water with one large spoonful of oatmeal and a large bit of lemon peel. Then add the cranberries and as much fine Lis-bon sugar as shall leave a smart."

**Banishing Fish Bones**  
When you buy fish, instruct your dealer not to shear off any fine level with the flesh surface. If you want them removed, ask him to cut deeply on each side of the fin and pull it out. This will remove the fine bones beneath.

The U. S. Fish and Wildlife Service also has a tip on getting rid of bones in small fish that have been baked or broiled. Open the cooked fish in two parts as you would a book and lift out the backbone. Thus you retain the flavor of the bone in the cooking, but do not have to contend with it on your plate. Your

## Report Board for Mobilization of Manpower Studied

### McNutt Probable Head of New Government Defense Agency

Washington, Feb. 12.—(AP)—A manpower mobilization board authorized to muster all workers necessary for maximum war factory output was reported being formed today, with Paul V. McNutt as the probable head.

The white-haired Federal Security Administrator, former governor of Indiana and one-time High Commissioner to the Philippines, was said to have been selected by President Roosevelt over Sidney Hillman, head of the War Production Board's labor division, and Secretary of Labor Perkins, who have been mentioned for the post.

It was learned that an executive order creating the board was submitted to President Roosevelt a few days ago, but that the president had asked for a new draft to eliminate certain points to which he objected. Government sources said the order would be issued soon, but union labor officials said they thought Roosevelt would wait until he had consulted again with the six-man CIO-AFL committee with which he met last Friday. A second meeting is scheduled for Feb. 20.

**Called Conscript**

A memorandum on the mobilization proposal, prepared under McNutt's supervision, has been criticized in some labor quarters as a labor conscription plan. The memorandum asserted that six federal agencies are now engaged in recruiting man-power and said that if these were not to work at cross-purposes a mutual agreement as to basic policy must be worked out.

Although the memorandum made no recommendation for combining the duties of the military selective service system, directed by Brig. Gen. Lewis B. Hershey, with recruiting of factory workers, it pointed out that in Great Britain the ministry of labor and national service is responsible both for military and industrial registration.

The six man-power recruiting agencies were listed as the Army, Navy, Selective Service, Civil Service Commission, Office of Civilian Defense, and the United States Employment Service. The memorandum proposed that the mobilization board be composed of Secretary of War Stimson, Secretary of the Navy Knox, Secretary of Labor Perkins, McNutt, Hillman, a member of the Civil Service Commission, and the director of the Office of Civilian Defense.

**CONTRACTORS WARNED**

Chicago, Feb. 12.—(AP)—The midwest labor supply committee will give just one more warning to certain defense contractors in Illinois, Indiana, and Wisconsin who are accused of "raiding the labor market" instead of using the United States employment service.

The committee said yesterday that "if this contact fails a full report will be forwarded to the appropriate army or navy official for proper action."

"To openly or secretly 'pirate' skilled workmen from other employers endeavoring to complete defense contracts will only result in a chaotic breakdown," the committee declared. It added: "Employers must be made to realize that failure to use the service means they are disrupting the orderly mobilization and organization of the nation's man power."

The U. S. Employment Service was designated the official labor recruiting agency by the president's War Production Board.

### Immunization Against Yellow Fever Ordered for All U. S. Soldiers

Washington, Feb. 12.—(AP)—All army officers and men were ordered today to be immunized against yellow fever, making them quickly available for service in the tropics.

Secretary of War Stimson announced the order, explaining that hitherto only troops assigned to such areas as Panama and Puerto Rico were so vaccinated. Army men already are immunized against paratyphoid, smallpox and tetanus.

Stimson announced also at his press conference that reserve officer training corps summer camps for college students had been discontinued for the war's duration and for six months thereafter.

## PICTOR TO RUN AN EARLY FAVORITE AT HIALEAH

Miami, Fla., Feb. 12.—(AP)—The turf faithful trekked to Hialeah Park today with high hopes of seeing W. L. Brann's Pictor receive the tarnished glory of racing's big names by winning his Florida debut.

Pictor, winner of \$82,335 in three years of campaigning and one of the country's better handi-cap horses last season, was entered in the \$1,500 Abraham Lincoln purse as a first time-up for the \$50,000 Widener March 7.

Pictor was an early favorite in today's one mile feature, despite the poor record of other name horses here so far.

Royce G. Martin's Haltal also had considerable support. Haltal won the McLennan here last year, the Clark Handicap at Churchill Downs, the Dixie Handicap at Pimlico and the Saratoga.

Pictor carried the top impost of 120 pounds, four more than usual.

## Democratic Committee Summoned to Meeting

Chicago, Feb. 12.—(AP)—Members of the Democratic state committee have been summoned to a meeting in Springfield Tuesday by State Chairman Arthur A. Sullivan of Chicago, one of the backers of the senatorial candidacy of Congressman Raymond S. McKeough.

Democratic leaders in the city hall explained that they wanted to get an agreement on two unfilled spots on the state ticket—state treasurer and congressman-at-large. Several candidates have been mentioned for both jobs, but the only definite announcement of intentions came from Edward J. Barrett, who said he would file for his former job as treasurer.

John A. Wieland of Calumet City has no Democratic opposition in sight for renomination as superintendent of public instruction, the fourth job to be filled this year by statewide balloting.

## Plane Crash Fatal to Five Fliers Wednesday

Windsor Locks, Conn., Feb. 12.—(AP)—Five army fliers went to their deaths and a sixth was reported missing in the crash of their multi-motored plane on a routine flight yesterday, between East Granby and Torrville, just west of Bradley Field here.

Army officers withheld the name of the missing man but said that the next of kin of the others had been notified.

## Personal Story of Life on Convoying War Craft Related

### Navy Releases Account of Public Relations Officer Today

San Francisco, Feb. 12.—(AP)—The inside story of life on a convoying warcraft, even to the dramatic sinking of a submarine somewhere in the Pacific, has been told by the Navy.

The story is that of an unnamed public relations officer of the Twelfth Naval District, assigned to travel with convoying warships that had twice attacked enemy submarines, and was certain it had sunk one of them. On this voyage it sank another.

Here is his story, typical of those enacted daily by convoys, the lifelines of the United Nations:

**Saturday**

Our destroyer put out into a calm sea an hour before 22 ugly, dull-gray transports and merchantmen shoved off. The captain, senior officer present on the destroyers escorting the convoy, ordered the combing of waters outside the harbor with sound detectors to make sure no under-sea craft was lurking in the area. x x x

Finally, the transports and merchantmen met the destroyers, a prearranged rendezvous. x x x We sailed at sunset.

All radios were set to receive only. Sending would give away the convoys position. A complete blackout was ordered x x x

**Monday**

General quarters called men to battle stations at 6:10 this morning as strange ship sighted. A chief petty officer lowered his glasses and said, "Hell, that's a Russian merchantman. It's got women sailors on her". He was right x x x

**Wednesday**

General quarters clanged in the wardroom. We grabbed life-jackets and hurried up the ladder.

"Good sub contact", bellowed a big boatswain's mate.

Our sound gear had contacted the screws of a sub 800 yards off our starboard bow. x x x

"There's her periscope", shouted a bridge lookout. The sub poked a rusty brown pipe through the smooth sea. Its "eye" turned slowly.

Suddenly the sub started to crash dive.

Our captain had another answer. "Stand by to fire depth charges," he shouted. We reached the sub's last position. "Fire one, fire two, fire three..." I don't know how many of these cylindrical ash cans our "Y" guns hurled in the first minute, but there must have been at least a dozen.

Water spouted 50 feet in the air. Each charge was accompanied by a flash of fire, the propelling charge of the "Y" gun.

The depth charges exploded with harsh, ear-splitting roars. Two or three air bubbles and short patches of oil slick brought grins to the depth bomb crews.

"That's another one for the fishes", grunted a seaman. x x x

**Friday**

Nearing destination. Friendly patrol bombers met us at dawn.

## 33rd Division To Be Streamlined War Dept. Notified Gen. Lawton

Camp Forest, Tenn., Feb. 12.—(AP)—Maj. Gen. Samuel T. Lawton has been advised by the war department that the 33rd division from Illinois would be changed from a square to a triangular division.

Under a army reorganization plans of the last three years, the old square division with a war time strength of 22,000 men was to be cut to a triangular organization of about 15,000 men. Brigade units were eliminated, so that orders from a commanding general passed directly to the regiments.

The newer setup would contain three infantry regiments, two for the front lines and one for reserve, this suggesting the triangle. The square organization contained four infantry regiments.

Purpose of the reorganization is to facilitate speedier execution of orders in the field.

## Illinois Schools in Holiday; First Time on Lincoln's Birthday

Springfield, Ill., Feb. 12.—(AP)—This 133rd anniversary of Abraham Lincoln's birth was being observed as a school holiday in Illinois for the first time. Classes were suspended for approximately 1,250,000 pupils in the state's high schools and elementary schools.

Unofficially, banks and some public offices have recognized the date as a holiday for many years, but it was not until the 1941 session of the general assembly that it was made a legal holiday and written into the school law.

Well over half the states in the nation had officially declared the anniversary a legal holiday prior to the legislature's action in Illinois, although it was in this state that Lincoln grew to manhood and national prominence.

## Farm House Near Byron Badly Damaged by Fire

Fire, apparently caused by a defective chimney, caused damage estimated at \$2,500 at the home of H. H. Slingerland on Rock River farms, north of Byron, on Wednesday afternoon.

Members of the Byron fire department were called, and extinguished the fire in about half an hour. Most of the second floor of the house and some furniture was destroyed.

Slingerland, musical instrument manufacturer in Chicago, purchased part of the Rock River farms some time ago. The Slingerlands used the house as a summer home, and during the winter ordinarily come to Byron only on week ends.

## Workers Warned All Accidents Aid Hitler

Chicago, Feb. 12.—(AP)—Urging Illinois workers this year to be careful—every accident helps Hitler," State Labor Director Francis B. Murphy announced that preliminary reports showed there were 473 fatal industrial accidents among non-agricultural and non-domestic workers in the state in 1941.

Compared with 469 fatalities in 1940 the figure was a numerical increase, but Murphy said it represented a decrease in fatal mishaps when the number of man-hours of exposure to hazards is taken into reckoning.

# Britain's Envoy To United States Pays Tribute to Lincoln

## Lord Halifax' Address Highlights Capital's Observance of Day

Springfield, Ill., Feb. 12—(AP)—Lord Halifax, Britain's ambassador to the United States, motorcade to snowy Oak Ridge cemetery today and placed a wreath within the tomb of Abraham Lincoln.

The British diplomat's gesture, and his earlier participation last night in a civic ceremony commemorating the American Civil War president's 133rd birthday anniversary, were high spots in the annual observance. Yet, the United Kingdom's representative was only one of hundreds who made the pilgrimage to the tomb and participated in scores of programs honoring Lincoln.

Lord Halifax gave this year's observance of the Emancipator president's birthday added significance in an address last night, declaring that the present war of the United States, Great Britain and the allied nations against the axis has a stake identical to that of the struggle in which "through four long and lonely years Lincoln carried almost single handed the future of this great Union."

"Assuredly Lincoln would not have been slow to recognize the utter impossibility of compromise with the evil philosophy that now seeks to impose itself upon mankind," Halifax said. "Nor would he have reckoned any cost too great to preserve the world from the spiritual death that must accompany the destruction of those values by which its real life is sustained."

### Tribute to United States

"Lincoln spoke prophetically when he called the United States 'the last best hope of earth,'" the British diplomat declared. "Now, upon the resources, valor, skill and energy of these United States largely, perhaps principally, hangs the future of an entire way of life."

"Even greater good is in the making than that which Lincoln secured by his fight to save the Union" if the partnership of America, Britain and the other United Nations is successful in its war effort and abides by Lincoln's precepts of freedom and right, he added.

The British envoy urged Americans not to be discouraged, even by the dark events at Singapore, but to keep in mind a "long view" of the war which, he said, must inevitably bring victory to the allies because of their overwhelming resources.

### Legion Pilgrimage

Thus, the traditional ceremonies honoring Abraham Lincoln were interwoven with the thoughts and activities of his Union again at war.

Lincoln's tomb was the scene today of the annual American Legion pilgrimage, led by National Commander Lynn V. Stambaugh of Fargo, N. D. Others who took part in ceremonies here were Governor Dwight H. Green, Lieutenant Governor Hugh W. Cross, Chief Justice Loren Murphy of the Illinois Supreme court, and Dr. L. Lauriston Bullard, chief editorial writer of the Boston Herald. Hundreds observed the day by visiting the places in this area hallowed by Lincoln's memory—the white frame house in which he lived while serving in the Illinois legislature and practicing law, the village of New Salem which has been restored to look as it did when he served as its postmaster and storekeeper, and the court house where he tried cases as a circuit rider.

### BUYS LINCOLN LIBRARY

Bloomington, Ind., Feb. 12—(AP)—Indiana University, less than 100 miles from Abraham Lincoln's boyhood home, disclosed on his birthday today it had bought the last big privately-owned library of material on the Civil War president.

President Herman B. Wells said the Oakleaf Lincoln collection which historians place among the country's five outstanding Lincoln libraries, had been purchased from a corporate trust of heirs of Judge Joseph B. Oakleaf of Moline, Ill., who spent 43 years assembling it. He died in 1930. Wells did not announce the price. The collection consists of some 8,000 volumes, many photographs, etchings and busts. It will be housed in the Lincoln room of the University Library and will have its own curator. Librarian W. A. Alexander said organizing and cataloging of material would take two years.

The purchase was made, Dr.

### Kensington Club Meet

The Kensington club met Wednesday afternoon at the home of Mrs. William Fry, Mrs. Isley had charge of the program. Mrs. Fry served dainty refreshments.

Wells said, with contributions to an Indiana University Foundation from George A. Ball of Muncie and William G. Irwin of Columbus, Indiana industrialist and banker respectively, and Frank L. Jones of New York City, vice-president of Equitable Life Insurance Company. All are Lincoln students. Jones is an Indiana graduate.

Lincoln moved from Kentucky across the Ohio river into Indiana with his parents when he was 7 and lived here until he was 21. The grave of his mother, Nancy Hanks Lincoln, is in the center of a state park near Lincoln City. "Because of the proximity of the university to the area in which Lincoln spent the formative years of his life and to the final resting place of his mother," Wells said, "it long has seemed that the Hoosier state university should be a center of Lincoln study and research."

## Defense Brokers' Profiteering Has Cost U. S. Millions

### House Committee Tells of Startling Conditions in Capital

Washington, Feb. 12—(AP)—A congressional committee charged Wednesday defense brokers have amassed "untold millions" profiteering on war contracts, and demanded immediate steps both to get the profits back and to prevent exorbitant commissions in the future.

In a report based upon weeks of investigation and public hearings, the committee told congress it had uncovered evidence that commission brokers—some of them without previous experience in the work—had obtained commissions ranging from three to 75 per cent on defense sub-contracts.

Under the chairmanship of Rep. F. D. D. (D-Pa.), the house military affairs sub-committee studying procurement of defense material called for:

1. Complete reorganization of the control and supervision by the war department of the performance of cost-plus-a-fixed-fee contracts for the operation of ordnance plants.
2. Action by the war department or the department of justice to obtain reimbursement of losses to the government resulting from failure of corporations, individuals, or partnerships to perform properly the services stipulated in their contracts.
3. A provision to permit the war department to deduct from future contracts all profits over one per cent obtained by commission brokers handling sub-contracts.

### Millions Involved

The greater part of the committee's recommendations and findings were based upon its inquiry into the huge munitions contracts awarded the Remington Arms Company of Bridgeport, Conn., and sub-contracts handled by Remington by Leon K. Shanack of New York, sub-contractor and commission agent.

The committee said that: "Unless it (Remington) undertakes to correct the practices which the testimony and evidence have disclosed in the hearings to date, the taxpayers' bill for 'waste' will be

## Widow of Lincoln Forced To Put Her Finery Up For Sale

### Columbus Paper of Oct. 5, 1867 Tells Story of Her Dire Needs

Columbus, Feb. 12—(Wide World)—It cost a lot of money to dress Mrs. Abraham Lincoln in the style demanded by Washington society and her own tastes, down to a white point lace handkerchief at \$80 and a white point lace parasol cover at \$250.

These were the values set by Mrs. Lincoln herself in 1867 when she forwarded to W. H. Brady, of New York, various articles of dress she wished to sell because of her harassing economic situation, the Columbus Dispatch relates.

As detailed in the Columbus Morning Journal, on Oct. 5, 1867, Mrs. Lincoln was desperately in need of money. Instead of the \$100,000 she had expected as her husband's salary for four years of his second term, she received \$25,000 for one year of his service, and of this \$3,000 was needed to care for certain obligations.

"Her present income, she states, is but \$1,700 a year, of which \$300 comes from the rent of her old house in Springfield, Ill., the 1867 paper said. "It appears from this that Mr. Lincoln not only saved no money while he occupied the White House but really lived beyond his income."

Mrs. Lincoln's inventory included these articles:

A black center camel's hair shawl, long, \$1,500; a white center camel's hair shawl, long, \$1,200; another shawl at \$400, another at \$350, and one at \$100; three superfine point lace shawls at \$1,500, \$500 and \$300; another white point lace shawl at \$2,000; and four others at \$75, \$40, \$50 and \$50.

Other items were a Russian sable cape at \$1,500, and a Russian sable boa at \$1,200; a white point lace dress, unmade, at \$4,000; a white point lace flounce at \$150, and the parasol cover and \$80 handkerchief.

### Wished Name Withheld

Mrs. Lincoln at first wished her name withheld as owner of the articles, but later changed her mind.

"Through the ingratitude of the Republicans toward the memory of the lamented president, the family of their chief has been left to suffer want and destitution," one letter to Brady read. "Therefore, it is natural to suppose that when it became imperatively necessary for Mrs. Lincoln, the honored and beloved wife of the late president, to dispose of apparel and jewelry to enable her to meet the common daily necessities of life, it was certainly in better taste that (the name) Mrs. Clarke, rather than Mrs. Lincoln, should appear in the proceedings."

"Although, in her overwhelming sorrow she was, by an ungrateful Republican party, deprived of her rightful maintenance, they should appreciate her delicacy in desiring her true name and their own ignominy from being known to the world."

The newspaper also published a story on October 19, 1867, describing as "almost incredible" Mrs. Lincoln's dealings with a Chicago pawn broker with whom she pledged for \$30 the \$225 dress she wore to Ford's theatre the night the president was assassinated, and another dress which she wore at his first inauguration, as well as other clothes.

The newspaper also published a story on October 19, 1867, describing as "almost incredible" Mrs. Lincoln's dealings with a Chicago pawn broker with whom she pledged for \$30 the \$225 dress she wore to Ford's theatre the night the president was assassinated, and another dress which she wore at his first inauguration, as well as other clothes.

"Although, in her overwhelming sorrow she was, by an ungrateful Republican party, deprived of her rightful maintenance, they should appreciate her delicacy in desiring her true name and their own ignominy from being known to the world."

## Lincoln Still Lives in Heart and Mind of Tomb Custodian

### Herbert Wells Fay, 82, Closest at Civil War President in Death

Springfield, Ill., Feb. 12—(AP)—Abraham Lincoln still lives in the mind of the man who is closest to the Great Emancipator in death.

That man is 82-year-old Herbert Wells Fay, a grey haired Illinois country newspaper editor who for the last 21 years has been the custodian of Abraham Lincoln's tomb.

Today, while the nation commemorates the Civil War president's 133rd birthday anniversary, Fay devotes himself to his hobby—a collection of more than a million photographs, clippings, books and letters dealing with Lincoln's life—and lives in retrospect in the days when Honest Abe rode the circuit to backwoods court-houses or stumped the state in brawling political campaigns.

For Lincoln is no mythical figure to the frail custodian who has guided some 3,000,000 persons through the shrine in the last two decades. Poring over Lincoln's letters and newspapers of his day, Fay finds a man as real to him as a friend and neighbor.

"Certainly Lincoln is alive today—at least his spirit is alive," he staunchly tells visitors. "He's a living force in the United States. And all over the world we see people fighting for the things he stands for."

Has 52 Original Letters  
Fay treasures 52 original letters written by Lincoln to friends and office seekers and also has collected photographs of those to whom Lincoln wrote.

Gazing at the faded lines inviting E. R. Thayer to a dinner party, Fay looks back at 1857 as only yesterday and tells about Thayer, a Springfield merchant of the day and shows pictures of his home and relatives. Or turning to another Lincoln letter urging a political appointment for one Sylvester Emmons, he will speak of Emmons' life.

Although he lives with enjoyment in the past, Fay has plenty of contact with the present. He has guided every president since Harding through the impressive marble and granite tomb and sells of chats with other visitors ranging from Lloyd George to the late Chic Sale.

President Roosevelt visited the Lincoln shrine twice, in 1932 and 1936, and Mrs. Roosevelt has signed the visitor's record three times. President or schoolboy gets the same little speech:

Same Little Speech  
"Here is the tomb proper. In the center of the room is the cenotaph, distinguished from a sarcophagus because no body lies under it. Body of Lincoln lies 10 feet from inside of north wall, 10 feet below floor, with head to west, made necessary by attempt to steal the body in 1876. Flags surrounding the cenotaph are flags of states where line of Lincoln generations have lived. To the left x x x."

The reference to the attempt to steal Lincoln's body was to the sensational plot of a band who broke into the tomb and dragged the metal coffin from the stone sarcophagus before they were frightened away.

Fay's workshop is in the rough-walled passages deep in the interior of the tomb, where the walls are lined with hundreds of scrap books and boxes of photographs and clippings. At an improvised desk cluttered with stacks of newspapers, pictures and books he spends hours every day at his hobby.

He clipped his first photograph of Lincoln from a magazine at the age of three and in the 73 years since then has amassed copies of every known letter written; by Lincoln, hundreds of photographs and life histories of virtually everyone Lincoln came in contact with.

Fay has no idea of the monetary value of the vast collection but one of his most cherished possessions is an original negative of Lincoln, worth between \$10,000 and \$50,000.

Tax payments in connection with motor vehicle ownership and operation jumped approximately one quarter of a billion dollars during 1941 to reach an estimated \$2,474,000,000.
